Re: State Specifications Office
Section: **105**
Proposed Specification: **1050403 Contractor Quality Control General Requirements.**

Dear Mr. Nguyen:

We are submitting, for your approval, two copies of the above referenced Supplemental Specification.

The changes are proposed by Elizabeth Weber from the State Materials Office (SMO) to include shifting plant qualification and review processes from the Districts to the State Materials Office for both timber and flexible pipe, allowing SMO to provide immediate consistency to industry as well as cost savings to the Department.

Please review and transmit your comments, if any, within two weeks. Comments should be sent via email to daniel.strickland@dot.state.fl.us.

If you have any questions relating to this specification change, please call me at 414-4130.

Sincerely,

Signature on File

Daniel Strickland, P.E.
State Specifications Engineer

State Construction Engineer

**CONTRACTOR QUALITY CONTROL GENERAL REQUIREMENTS
(REV 4-20-21)**

SUBARTICLE 105-4.3.1 is deleted and the following substituted:

105-4.3.1 State Materials Office (SMO): Producers of cementitious materials, steel and miscellaneous metals, galvanized metal products, aggregates, timber, flexible pipe, and fiber reinforced polymer (FRP) products must submit their proposed Producer Quality Control Program to the SMO for review and acceptance.

105-4.3.2 District Materials Office: Producers of hot mix asphalt, portland cement concrete (structural), earthwork, timber, and precast/prestressed ~~and/or precast~~ concrete products ~~and drainage products~~ must submit their proposed Producer Quality Control Program to the local District Materials Office for acceptance. Producers located outside the State must contact the SMO for address information of the District Materials Office responsible for the review of the proposed Quality Control Program.
