Delete "on both Responsible party and the Department" and "required" Comment- The section 715-4 may be slightly modified to read as – 715-4 Statewide Disputes Review Board. The Statewide Disputes Review Board in effect for this Contract will resolve any and all disputes that may arise involving administration and enforcement of this Specification related to the painting remedial work performed during the warranty period. The Responsible Party and the Department acknowledge that use of the Statewide Disputes Review Board is required, acceptable, and the determinations of the Statewide Disputes Review Board for disputes arising out of this Specification will be binding on both the Responsible Party and the Department, with no right of appeal by either party. Meet the requirements of 8-3 Reasoning- Redundant words are removed to convey easy understanding.

Response: The language in 715-4 is approved Statewide Disputes Review Board language.

ARTICLES 715-3 through 715-17 are deleted and the following substituted: 715-3 5 Shop Drawings and Working Drawings – Comment – Please check the section numbering; 2021 July specs has shop drawing and working drawings notated as 715-2, where as the draft had notated shop drawing as 715-5.

Response: Correct, with the addition of the sub-articles above (Remedial Work and Statewide Disputes Review Board) the sub-article for Shop Drawings will be moved down from 715-3 to 715-5.
