713-9.2 Removal of Existing Thermoplastic Markings: Replace Thermoplastic Markings with Permanent Tape Markings. Please verify. Removal of Existing Thermoplastic Markings is covered under 711-9.2

Response: Thank you for your comments. The language has been clarified to state that payment is for removal of permanent tape on pavement that is to remain. Removal of existing thermoplastic markings is covered by 711-9.2.

Section 713-9.2 has been copied directly from 710-9.2 (Removal of Existing Thermoplastic Markings), including the title. Is 713-9.2 supposed to be Removal of Existing Permanent Tape Markings?

Response: Thank you for comment. Please see the response above.
