

# EXPECTED IMPLEMENTATION JULY 2024 (FY 2024-25)

## 711 THERMOPLASTIC PAVEMENT MARKINGS. (REV 5-18-23) (FA 12-5-23) (FY 2024-25)

SUBARTICLE 711-4.2.3 is deleted and the following substituted:

**711-4.2.3 Preformed Thermoplastic Markings:** Apply 0.125 inch or 125 mils of preformed thermoplastic material.

Use preformed thermoplastic for bicycle markings, shared use path markings, 24-inch markings on special emphasis crosswalks, route shields, ramp exit numbers, railroad dynamic envelopes, white dotted lines (2'-4') with trailing black contrast, 12-inch transverse crosswalk lines with black contrast, 24-inch stop line with black contrast, and black contrast arrows, messages, and symbols.

Measure, record and certify on Department approved form and submit to the Engineer, the thickness of the pavement markings in accordance with FM 5-541.
