All timber products manufactured for incorporation into the work shall be produced by a producer/treater approved through one of the following third-party audit programs:

1. Southern Pine Inspection Bureau (SPIB)
2. Timber Products (TPI)

Products produced under this QC Plan will not relieve the Contractor of his responsibility for unsuitable materials or workmanship, which might become apparent at the job site, nor of the necessity of his replacing any material which might be determined upon subsequent inspection to be unsuitable.

### **951-2 Certification.**

Each order/shipment to the job site must be delivered with a 'quality mark' stamped by the third party quality assurance company. For material not eligible to be marked, the timber producer must produce a 'certificate of inspection' by the third party quality assurance company. Each order/shipment to the job site must be accompanied with a notarized certification indicating compliance to the appropriate specifications. The certification shall include: the project/order number, timber species, charge numbers, and assay retention results.
