

FINE AGGREGATE – SPECIFIC REQUIREMENTS WITH SILICA SAND
(REV 2-15-21)

SUBARTICLE 902-5.2 is expanded by the following:

902-5.2.4 Screenings Blended with Silica Sand: Screenings meeting the requirements of 902-5.1 and 902-5.2.1 may be blended with silica sand meeting the requirements of 902-1 and 902-2 at an approved source. The amount of screenings in a blend shall not exceed 20 percent. The blend shall meet the gradation requirements of 902-2.1.
