

Rule 14-46.005, Florida Administrative Code

Wireless Utilities

Hearing Agenda

Thursday, April 29, 2021, 3:00 p.m.

Department of Transportation – Burns Building Auditorium

The primary focus of this hearing is to discuss the proposed plan for conducting a test at the Florida's Turnpike Enterprise SunTrax facility to ensure that the 5G frequencies do not interfere with the toll system frequencies and vice versa. This hearing is also an opportunity to discuss the proposed Rule 14-46.005, Florida Administrative Code, establishing permitting criteria for small wireless equipment installed in Florida Department of Transportation rights-of-way. The Department will accept both oral and written comments.

Schedule for Public Hearing:

3:00 p.m.	Introduction of Department staff and attendees
3:05 p.m. - Adjournment	Review and comments on proposed test plan and rule language. Discussion of dates for holding test.

The Department appreciates your participation in this process.
