

# **Errata Sheet- Attachment to the Environmental Assessment**

## **Broward Commuter Rail South**

### **Changes Made to Environmental Assessment**

Following the public comment period, three minor changes were made to the Environmental Assessment (EA) for the Broward Commuter Rail (BCR) South project. Those changes are described in this errata sheet.

Change made to EA Pg 21:

The text was revised to replace the word “east” with the word “west” to reflect the proper cardinal direction.

Change made to EA Figure 3-11:

The online document was updated by updating Figure 3-11 to 4 Medium Risk contamination sites at the Fort Lauderdale Station.

Change made to EA Pg 47:

The formatting of the bullets was revised to reflect the proper level of indentation for projects and scopes.
