

## **NOTICE UNDER THE AMERICANS WITH DISABILITIES ACT**

In accordance with the requirements of Title II of the Americans with Disabilities Act of 1990 (ADA), the Florida Department of Transportation will not discriminate against qualified individuals with disabilities on the basis of disability in its services, programs, or activities.

The Florida Department of Transportation will generally, upon request, provide appropriate aids and services leading to effective communication for qualified persons with disabilities so they can participate equally in Florida Department of Transportation programs, services, and activities, including qualified sign language interpreters, documents in Braille, and other means of making information and communications accessible to people who have speech, hearing, or vision impairments.

Anyone who requires an auxiliary aid or service for effective communication, or a modification of policies or procedures to participate in a program, service, or activity of the Florida Department of Transportation, should contact the Public Information Office at 850-414-4590 or [fdot.pio@dot.state.fl.us](mailto:fdot.pio@dot.state.fl.us) as soon as possible but no later than one (1) week before the scheduled event.

The ADA does not require the Florida Department of Transportation to take any action that would fundamentally alter the nature of its programs or services, or impose an undue financial or administrative burden. The Department will strive to provide its services, programs and activities in the most accessible manner feasible.

Concerns that a program, service, or activity of the Florida Department of Transportation may not be accessible to persons with disabilities should be directed to the District ADA Coordinator for the subject location's county (see interactive contact [link](#)) or by dialing 711 for the Florida Relay Service.
