JEB BUSH  
GOVERNOR

605 Suwannee Street  
Tallahassee, FL 32399-0450

DENVER J. STUTLER, JR.  
SECRETARY

**Mail Station 32**

### **ROADWAY DESIGN BULLETIN 06-06**

**DATE:** June 28, 2006

**TO:** District Design Engineers, Plans Preparation Manual Holders

**FROM:** David C. O'Hagan, PE, State Roadway Design Engineer

**COPIES:** Robert Greer, Brian Blanchard, Tim Lattner, William Nickas,  
Duane Brautigam, Elwin Broome, Chris Richter, FHWA

**SUBJECT:** Governing Standards and Specifications Note

A handwritten signature in black ink, appearing to read "David C. O'Hagan".

### **REQUIREMENTS:**

Effective with the January 2007 letting, the Governing Specifications and Standards Note placed on the Key Sheet is revised to reference the 2007 Standard Specifications for Road and Bridge Construction. The revised note is as follows:

*GOVERNING STANDARDS AND SPECIFICATIONS:  
FLORIDA DEPARTMENT OF TRANSPORTATION,  
DESIGN STANDARDS DATED 2006,  
AND STANDARD SPECIFICATIONS FOR ROAD AND  
BRIDGE CONSTRUCTION DATED 2007,  
AS AMENDED BY CONTRACT DOCUMENTS.*

### **BACKGROUND:**

The State Specifications Office has just published the 2007 Standard Specifications for Road and Bridge Construction. Designers can obtain hardcopies of the book through the FDOT Maps and Publications Sales Office web site at: <http://www.dot.state.fl.us/mapsandpublications/>. The State

Specifications Office advises that the 2007 book will be posted soon on their web site:  
<http://www.dot.state.fl.us/specificationsoffice/>.

**IMPLEMENTATION:**

Plans must be updated beginning with the January 2007 letting to reflect the revised key sheet note.

The Plans Preparation Manual (PPM), January 1, 2007 PPM Update will include a revision to the Governing Specifications and Standards Note on Exhibit KS-1 (PPM Volume 2, Chapter 3).

The FDOT CADD Cell Library key sheet cells will be updated to include these changes in the FDOT 2004, Maintenance Release 3, scheduled for release August 2006. Until Maintenance Release 3 is issued, designers will need to manually change key sheet cells to use the new Specifications date on applicable projects.
