317 Special Details

317.1 General

Special Details sheets are included in the plans set when additional details, information or clarification to specific construction elements is necessary. These sheets are typically included when Roadway Plan sheets do not provide the scale necessary to clearly depict the work that is required. Special Details Sheets are also used to show construction details that are not provided in the ***Standard Plans***.

These sheets are to be placed in the component plans in accordance with ***FDM 302.6***.

317.2 Sheet Setup

Use the standard plan format sheet provided in the FDOT CADD Software to prepare the sheet. Use standard symbols contained in the FDOT ***CADD Manual***.

Any convenient scale may be used, provided the information shown is clear and legible. Provide adequate cross-referencing to appropriate sheets in the plans set.
