

Note to reader: This transcript was originally generated by a computer and contained many incorrect words, numbers, and created phrases out of context. The transcription below has been modified from the original to correct these errata, and to remove crutch words used unintentionally by the speakers.

0:0:0.0 --> 0:0:0.210

Stoddart, Dean
Hello.

0:0:3.590 --> 0:0:6.460

Stoddart, Dean
Let's see if we can get this thing rolling.

0:0:6.470 --> 0:0:9.300

Stoddart, Dean
It is now 2:00 o'clock and I'm.

0:0:9.510 --> 0:0:17.780

Stoddart, Dean
I want to let everybody know that this meeting is being transcribed for general documentation purposes.

0:0:18.10 --> 0:0:32.90

Stoddart, Dean
So if there's anyone who does not wish to be a part of this transcription, please log off or don't say anything prior to me starting the transcription so.

0:0:34.940 --> 0:0:38.130

Stoddart, Dean
Please copy me if you want to have a copy of this transcription.

0:0:38.140 --> 0:0:46.830

Stoddart, Dean
Once we get it produced, I'll make a good faith effort to get this put onto our DOT highway beautification website.

0:0:47.400 --> 0:0:52.360

Stoddart, Dean
So with that, our meeting and transcription is now started.

0:0:52.690 --> 0:0:54.880

Stoddart, Dean
Thank you everybody for chiming in.

0:0:54.890 --> 0:0:59.480

Stoddart, Dean
Looks like we've got quite a few people, 20.

0:1:0.170 --> 0:1:1.780

Stoddart, Dean

We probably have closer to 30 people.

0:1:1.870 --> 0:1:2.700

Stoddart, Dean

That's amazing.

0:1:3.90 --> 0:1:15.810

Stoddart, Dean

It's 2:00 o'clock on October 16th, 2023 and the meeting for the 2023-24 Florida FDOT Highway Beautification Grant program is now called to order.

0:1:16.420 --> 0:1:25.670

Stoddart, Dean

This meeting was originally advertised in the Florida Administrative Register on September 18th, let me share my screen here.

0:1:28.140 --> 0:1:28.520

Stoddart, Dean

OK.

0:1:30.180 --> 0:1:37.190

Stoddart, Dean

On September 18th, 2023, thus providing a minimum of 30-day calendar days prior notice.

0:1:37.440 --> 0:1:50.100

Stoddart, Dean

During this meeting, the DOT District grant coordinators will have the ability to discuss each grant amongst themselves and the attending public in attendance in accordance with Florida sunshine Laws.

0:1:50.900 --> 0:2:4.200

Stoddart, Dean

Each year, the FDOT offers a beautification grant to cities, counties, and other jurisdictional agencies to provide landscape and irrigation on a Right of Way of a FDOT roadway in their city or county.

0:2:4.390 --> 0:2:28.980

Stoddart, Dean

In return for accepting this grant, the grant awardee agrees to maintain this landscape in Perpetuality. Now this grant is authorized by Statue of Florida Statute 339.24 which should be on your screen now, and is dependent on an annual appropriation by the Florida legislature.

0:2:29.390 --> 0:2:36.250

Stoddart, Dean

This appropriation is typically \$1,000,000 per year and each grant applicant may.

0:2:36.440 --> 0:2:45.590

Stoddart, Dean

Request up to 10% of the total with no limit on the number of applications per applicant.

0:2:45.940 --> 0:3:0.880

Stoddart, Dean

This year, the department was made aware of some rollover funds in the amount of \$1,108,416 from years where we did not have enough applications to fully utilize our available funds.

0:3:2.60 --> 0:3:11.810

Stoddart, Dean

This rollover amount was therefore added to the annual appropriation for a total of \$2,108,416.

0:3:13.280 --> 0:3:32.970

Stoddart, Dean

10% of this combined total allows us to offer for this year only, and I stress for this year only, landscape beautification grants for a maximum of \$210,841 per grant application.

0:3:34.520 --> 0:3:53.610

Stoddart, Dean

Now, there are strict deadlines for certain submittals for this grant and several applicants were already busy creating their applications and submitting in accordance with these deadlines prior to us finalizing the rollover amount, which we thought was going to be \$2.4 million total.

0:3:54.220 --> 0:4:2.100

Stoddart, Dean

This resulted in those applicants requesting what would have been a total of \$240,000 grant request.

0:4:3.570 --> 0:4:21.490

Stoddart, Dean

Where this is the case and an award is made to the applicant, they will be offered the maximum of 10% of our available funds, which that number is \$210,841, and they may make the choice to accept or forgo the award.

0:4:21.820 --> 0:4:28.990

Stoddart, Dean

To my knowledge, all applicants that are in this situation have been made aware of this prior to this meeting.

0:4:29.0 --> 0:4:37.430

Stoddart, Dean

Our format for today, I'm going to be calling out each one of the 14 grant applications in no particular order.

0:4:37.670 --> 0:4:46.710

Stoddart, Dean

I have a list that I had included in the public Teams meeting invitation which should have had two different PDFs attached.

0:4:46.720 --> 0:4:48.500

Stoddart, Dean

One of those contains the list of applicants and is the order in which I'll go.

0:4:49.190 --> 0:5:1.440

Stoddart, Dean

I'm going to give a brief description of the grant and then ask if there are any questions or comments. Anyone with a question or comment can please raise their virtual hand.

0:5:1.950 --> 0:5:16.530

Stoddart, Dean

This virtual hand can be found in the top of the teams video screen. I will first call on the FDOT grant coordinators who have raised their virtual hand and then I'll move on to any of our public to do the same.

0:5:17.750 --> 0:5:26.670

Stoddart, Dean

I'll also verbally ask prior to moving on to the next grant application, if there are any questions from anyone who is listening in on a device that doesn't support this virtual hand.

0:5:28.520 --> 0:5:29.550

Stoddart, Dean

All right.

0:5:30.50 --> 0:5:36.80

Stoddart, Dean

So with all of that, I'm going to now share my screen so all can view what I'm seeing.

0:5:37.190 --> 0:5:42.480

Stoddart, Dean

Can anybody confirm that I have the Florida Highway beautification grant?

0:5:43.170 --> 0:5:44.390

Stoddart, Dean

Are you seeing that on your screen?

0:5:44.880 --> 0:5:45.20

Preil, Susan L

Yes.

0:5:45.380 --> 0:5:45.950

Kastelic, Daniel

Yes seeing.

0:5:45.960 --> 0:5:46.500

Kastelic, Daniel

I see it, Dean.

0:5:46.930 --> 0:5:47.790

Stoddart, Dean

Great. Great.

0:5:49.640 --> 0:5:50.490

Stoddart, Dean

Very good.

0:5:50.560 --> 0:5:51.970

Stoddart, Dean

Well, starting right off.

0:5:51.980 --> 0:5:54.710

Stoddart, Dean

I have a question from Shawn.

0:5:55.740 --> 0:5:56.600

Kalbli, Shawn

Hi, Dean.

0:5:56.670 --> 0:6:4.950

Kalbli, Shawn

If we could, could we do a roll call by district followed by members of the public who are in attendance just to reflect in the record?

0:6:5.730 --> 0:6:8.240

Stoddart, Dean

Of course, and I appreciate that.

0:6:8.250 --> 0:6:11.270

Stoddart, Dean

That was the first thing on my list and I skipped right over that, didn't I?

0:6:12.910 --> 0:6:13.900

Stoddart, Dean

Interesting.

0:6:14.10 --> 0:6:23.880

Stoddart, Dean

Alright, I'm going to call out by district, and if the district coordinator can please say their name and which district they're in.

0:6:24.70 --> 0:6:25.130

Stoddart, Dean

So for District 1.

0:6:27.110 --> 0:6:29.90

Richard, Darryl

Darrell Richard, district coordinator.

0:6:30.10 --> 0:6:30.380

Stoddart, Dean

Great.

0:6:30.390 --> 0:6:32.30

Stoddart, Dean

Thank you. District 2.

0:6:34.570 --> 0:6:37.630

Larsen, David W

This is Dave Larson, District 2, grant coordinator.

0:6:38.460 --> 0:6:39.980

Stoddart, Dean

Thank you, David, District 3.

0:6:42.160 --> 0:6:43.440

McBurney, Willson

Dean, this is Willson McBurney.

0:6:42.980 --> 0:6:43.640

Patterson, Kristi

Christie Patterson.

0:6:45.720 --> 0:6:46.280

Stoddart, Dean

Got you both.

0:6:44.670 --> 0:6:48.710

McBurney, Willson

And sorry, Christie, Christie and Pam are on as well.

0:6:47.510 --> 0:6:49.310

Patterson, Kristi

This OK, yes.

0:6:50.220 --> 0:6:50.670

Stoddart, Dean

Great.

0:6:50.680 --> 0:6:53.60

Stoddart, Dean

Thank you guys, District 4.

0:6:54.110 --> 0:6:54.520

Lockmiller, David

Yes.

0:6:54.530 --> 0:6:56.960

Lockmiller, David

David Lockmiller, District 4 coordinator.

0:6:57.810 --> 0:6:59.630

Stoddart, Dean

OK and thanks, District 5.

0:7:1.30 --> 0:7:2.20

Preil, Susan L

Susan Preil.

0:7:2.70 --> 0:7:3.330

Preil, Susan L

I think Geneva is on also.

0:7:4.280 --> 0:7:5.270

Maynard, Geneva

Yes, I'm on also.

0:7:5.280 --> 0:7:5.600

Maynard, Geneva

Thank you.

0:7:4.670 --> 0:7:6.950

Stoddart, Dean

OK, great.

0:7:7.200 --> 0:7:8.140

Stoddart, Dean

District 6.

0:7:9.770 --> 0:7:10.800

Cordero, Nathalie

Good afternoon.

0:7:12.870 --> 0:7:13.310

Stoddart, Dean

Great.

0:7:10.810 --> 0:7:17.90

Cordero, Nathalie

And Nathalie Corder, District 6 Grant Coordinator, and I think the their landscape manager is on too.

0:7:18.60 --> 0:7:18.400

Stoddart, Dean

OK.

0:7:17.810 --> 0:7:18.940

Rodriguez, Monica

Monica Rodriguez.

0:7:19.10 --> 0:7:20.160

Rodriguez, Monica

Hi, good afternoon, everyone.

0:7:21.50 --> 0:7:22.20

Stoddart, Dean

Good afternoon.

0:7:22.130 --> 0:7:24.930

Stoddart, Dean

Thanks for showing up. District 7.

0:7:26.900 --> 0:7:29.130

DeGaetano, Emilyvette

Emily DeGaetano, District 7 coordinator.

0:7:30.10 --> 0:7:30.410

Stoddart, Dean

Great.

0:7:31.190 --> 0:7:31.640

Stoddart, Dean

Thank you.

0:7:31.650 --> 0:7:33.550

Stoddart, Dean

And Turnpike, please.

0:7:35.960 --> 0:7:39.920

Kastelic, Daniel

Good afternoon, Dean, this Daniel Kastelic, Turnpike coordinator.

0:7:39.450 --> 0:7:41.520

Stoddart, Dean

Excellent.

0:7:43.920 --> 0:7:44.750

Stoddart, Dean

Let's see.

0:7:45.420 --> 0:7:47.640

Stoddart, Dean

There is one person with their hand up.

0:7:49.270 --> 0:7:50.440

Stoddart, Dean

I'm trying to negotiate screens here.

0:7:50.400 --> 0:7:52.470

Ty Farris

But that's OK, that was me.

0:7:52.480 --> 0:7:53.610

Ty Farris

Uh, I was the same way.

0:7:53.620 --> 0:7:54.760

Ty Farris

Where we're going to follow the role.

0:7:55.400 --> 0:7:56.360

Stoddart, Dean

Thank you.

0:7:56.370 --> 0:7:58.640

Stoddart, Dean

I appreciate you guys reminding me of that.

0:7:59.100 --> 0:8:2.100

Stoddart, Dean

OK, I'm trying to get down into the Teams attendance.

0:8:4.400 --> 0:8:13.950

Stoddart, Dean

Where I can see everybody who's here and I'd like to do a roll call of everybody from the public.

0:8:13.960 --> 0:8:19.330

Stoddart, Dean

Would you be able to put your hand up and in that way I can click on you and then ask who that person is.

0:8:24.740 --> 0:8:29.540

Stoddart, Dean

And I have Michael Alfano, can you say?

0:8:29.350 --> 0:8:30.160

Michael Alfano

Hey, how's it going?

0:8:30.170 --> 0:8:32.180

Michael Alfano

My name is Mike Alfano.

0:8:32.190 --> 0:8:35.600

Michael Alfano

I'm a principal planner with the Blueprint Intergovernmental Agency.

0:8:35.750 --> 0:8:36.500

Michael Alfano
Thanks for having us.

0:8:36.840 --> 0:8:37.490

Stoddart, Dean
Great.

0:8:37.780 --> 0:8:38.230

Stoddart, Dean
Thanks.

0:8:40.10 --> 0:8:41.610

Stoddart, Dean
Desiree Gorman.

0:8:45.240 --> 0:8:46.750

Gorman, Desiree
Yes, my name is Desiree Gorman.

0:8:46.760 --> 0:8:50.760

Gorman, Desiree
I'm the grant specialist with City of Tallahassee underground utilities and public infrastructure.

0:8:52.100 --> 0:8:52.790

Stoddart, Dean
Thank you.

0:8:52.970 --> 0:8:54.880

Stoddart, Dean
And I see Lily die.

0:8:55.20 --> 0:8:55.300

Stoddart, Dean
I'm sorry.

0:8:55.350 --> 0:8:56.250

Stoddart, Dean
I'm having trouble pronouncing your last name.

0:8:56.260 --> 0:8:56.800

Stoddart, Dean
I'm sorry, Dotty?

0:8:57.0 --> 0:8:58.90

Leelee Doughty
Doughty, Doughty.

0:8:58.40 --> 0:8:58.950

Stoddart, Dean
Thank you.

0:9:0.80 --> 0:9:0.470

Stoddart, Dean
Yes, I.

0:9:2.980 --> 0:9:3.960

Stoddart, Dean
OK. Yes and thank you.

0:9:0.20 --> 0:9:6.170

Leelee Doughty
I'm just here as a citizen, live in Port St Joe, FL.

0:9:6.20 --> 0:9:6.920

Stoddart, Dean
Thank you for attending.

0:9:9.0 --> 0:9:11.530

Stoddart, Dean
And I'm looking for anyone else.

0:9:14.380 --> 0:9:17.50

Stoddart, Dean
I don't see any more hands showing up.

0:9:17.60 --> 0:9:21.940

Stoddart, Dean
So, Sean, I think that maybe it for a roll call.

0:9:22.840 --> 0:9:23.190

Kalbli, Shawn
Yes.

0:9:23.200 --> 0:9:28.930

Kalbli, Shawn
I see Mr. Ferris from City of Lynn Haven is on the line. I've added him to reflect the notes.

0:9:29.130 --> 0:9:29.760

Stoddart, Dean
Oh, thank you.

0:9:28.940 --> 0:9:46.710

Kalbli, Shawn
And just looking down this once more, I think besides myself, Shawn, David Cawley from Kimley Horn and Central office, and I also see we have Mr. Paul Hires from the FDOT Central Office, I think we've captured everyone in attendance today.

0:9:46.940 --> 0:9:47.440

Kalbli, Shawn

Thank you, Dean.

0:9:48.20 --> 0:9:48.300

Stoddart, Dean

Great.

0:9:48.310 --> 0:9:49.80

Stoddart, Dean

Thank you.

0:9:49.600 --> 0:10:2.430

Stoddart, Dean

And also before I begin, I wanted to ask you Shawn, were there any changes or any last-minute edits before the deadline that we that we need to discuss?

0:10:3.40 --> 0:10:11.130

Kalbli, Shawn

The only thing we mentioned was Natalie District 6 pointed out that the Miami Gardens illustrative plan was not downloading properly.

0:10:11.140 --> 0:10:20.90

Kalbli, Shawn

It had been divided into 2 pages, so within the grant portal she actually re-uploaded a complete single page PDF.

0:10:20.100 --> 0:10:38.800

Kalbli, Shawn

So for the grant reviewers, if you were encountering that same problem, if you Scroll down underneath the DOT uploads section within the group review, you will find that updated PDF, but there's no substantive change to the contents of that document as it was reposted.

0:10:40.70 --> 0:10:40.600

Kalbli, Shawn

Thank you, Dean.

0:10:40.230 --> 0:10:41.440

Stoddart, Dean

Great. Great.

0:10:41.450 --> 0:10:42.10

Stoddart, Dean

Thanks very much.

0:10:43.440 --> 0:10:54.770

Stoddart, Dean

With that what I'd like to do is go down the list I'm sharing on my screen over, on the far-left hand side, the grant number.

0:10:55.0 --> 0:10:58.890

Stoddart, Dean

I'm just going to go down the list 1-2-3-4 all the way down to 14.

0:10:59.360 --> 0:11:11.870

Stoddart, Dean

I'll name the applicant and project name and the grant requested, things like that, and then I will open the floor to any questions that anybody might have about that application.

0:11:11.960 --> 0:11:16.670

Stoddart, Dean

I'll go down the line by district and then I'll open it up to the public.

0:11:17.80 --> 0:11:20.410

Stoddart, Dean

Once that's done, I will move on to the second grant.

0:11:21.100 --> 0:11:23.570

Stoddart, Dean

Let's see if we can get this started.

0:11:24.110 --> 0:11:28.220

Stoddart, Dean

Grant number one is the applicant is the city of Clewiston.

0:11:28.640 --> 0:11:30.260

Stoddart, Dean

It's the Sugarland Hwy.

0:11:30.270 --> 0:11:39.70

Stoddart, Dean

Beautification project phase six and this is located on US 27 and State Route 25.

0:11:39.360 --> 0:11:45.440

Stoddart, Dean

They are requesting \$116,444.

0:11:45.910 --> 0:11:49.270

Stoddart, Dean

They have a \$22,265 match.

0:11:50.460 --> 0:11:53.60

Stoddart, Dean

I'm so that's our first grant on the table.

0:11:53.790 --> 0:11:56.140

Stoddart, Dean

District 1 – Darrell?

0:11:56.730 --> 0:11:57.810

Stoddart, Dean
Any questions?

0:11:59.710 --> 0:12:0.860

Richard, Darryl
No questions, Dean.

0:12:2.230 --> 0:12:2.390

Stoddart, Dean
OK.

0:12:0.870 --> 0:12:7.610

Richard, Darryl
This is a REDI city that we have already awarded grants to previously.

0:12:7.620 --> 0:12:22.730

Richard, Darryl
On at least three other occasions do call this phase six, so they're going down the Sugarland highway there on US 27 installing Royal palms and they intend to put royal palms in the medians.

0:12:30.510 --> 0:12:31.20

Stoddart, Dean
Thank you.

0:12:22.740 --> 0:12:31.430

Richard, Darryl
And so yes, this is a continuation of a previous successful projects with the City of Clewiston.

0:12:32.130 --> 0:12:32.860

Stoddart, Dean
Thanks a lot.

0:12:33.330 --> 0:12:36.260

Stoddart, Dean
I think since we have so many grants.

0:12:36.270 --> 0:12:36.410

Stoddart, Dean
That.

0:12:36.420 --> 0:12:43.540

Stoddart, Dean
I'm going to ask is if any district coordinators have a question or comment?

0:12:43.650 --> 0:12:46.640

Stoddart, Dean
Would you please raise your virtual hand?

0:12:46.890 --> 0:12:50.620

Stoddart, Dean

That'll make it go a little bit faster so we can get through all fourteen of them.

0:12:50.770 --> 0:13:0.440

Stoddart, Dean

So I will ask all our district coordinators to please raise a hand if you have any questions or comments or concerns or just want to discuss the project.

0:13:6.510 --> 0:13:14.920

Stoddart, Dean

OK, I'm not seeing any hands, and we can just go back if we get down towards the end and somebody still needs to chat about an application, we can go backwards.

0:13:14.930 --> 0:13:19.670

Stoddart, Dean

So then is there anybody from the public that wishes to.

0:13:21.330 --> 0:13:24.110

Stoddart, Dean

Discuss this particular grant from the city of Clewiston.

0:13:28.380 --> 0:13:31.50

Stoddart, Dean

I'm not seeing.

0:13:31.160 --> 0:13:32.550

Stoddart, Dean

Any hands raised.

0:13:32.620 --> 0:13:37.10

Stoddart, Dean

OK, grant #2, this is from.

0:13:37.50 --> 0:13:39.550

Stoddart, Dean

The applicant is the city of Winter Haven.

0:13:39.880 --> 0:13:44.250

Stoddart, Dean

This is an FDOT pond which is in the downtown CRA.

0:13:46.660 --> 0:13:58.450

Stoddart, Dean

The highway is US 17, State Route 555, and the grant amount requested is \$202,280.

0:13:59.960 --> 0:14:5.930

Stoddart, Dean

They're actually matching with a larger amount, \$335,079.

0:14:6.340 --> 0:14:17.20

Stoddart, Dean

So with that, I would request our coordinators raise their hand if they have any questions, comments, concerns or they just want to talk about it.

0:14:22.400 --> 0:14:23.20

Stoddart, Dean

All right, Darrell.

0:14:26.300 --> 0:14:32.110

Richard, Darryl

Just briefly, this project is a really unique project in District 1.

0:14:32.340 --> 0:14:39.470

Richard, Darryl

The city of Winter Haven found an opportunity on an FDOT pond and they actually have a.

0:14:41.940 --> 0:14:54.730

Richard, Darryl

Previous, well, they have quite a few commercial developments that are going to go around this pond and it's unique in that it's encircled by a street and it's fairly low use.

0:14:54.740 --> 0:15:1.0

Richard, Darryl

It really offers opportunity for perhaps weekend festivals and events.

0:15:1.10 --> 0:15:2.470

Richard, Darryl

So this is really interesting.

0:15:2.480 --> 0:15:7.410

Richard, Darryl

That's why I get excited about this. That's basically what it is in a nutshell.

0:15:9.40 --> 0:15:9.510

Stoddart, Dean

Great.

0:15:9.570 --> 0:15:12.640

Stoddart, Dean

Thanks David, you have your hand up, Sir.

0:15:14.520 --> 0:15:23.590

Lockmiller, David

I think it's a really nice project and especially taking care of retention ponds and making them a focal point.

0:15:24.100 --> 0:15:38.740

Lockmiller, David

The only question I have, it kind of appears that the multiplier might be a little bit on the high side, but again, I know there's a lot of activities going in here and they do have a lot of things included just kind of an observation.

0:15:41.230 --> 0:15:41.530

Stoddart, Dean

All right.

0:15:42.620 --> 0:15:43.400

Stoddart, Dean

Thanks very much.

0:15:43.610 --> 0:15:45.520

Stoddart, Dean

Oh Shawn, you have your hand up, Sir.

0:15:50.860 --> 0:15:55.470

Kalbli, Shawn

Hey Darrell, great project only question I have is within the illustrative plan.

0:15:55.480 --> 0:16:2.350

Kalbli, Shawn

They identified the pond bottom, and I didn't see any indication of where the top of pond elevation is.

0:16:2.530 --> 0:16:9.950

Kalbli, Shawn

Just looking across that planting plan, is everything going to be outside of that top of pond elevation.

0:16:9.960 --> 0:16:13.960

Kalbli, Shawn

Just looking at what their plant palette is and suitability of that material.

0:16:17.100 --> 0:16:19.90

Richard, Darryl

Well, they'll identify.

0:16:19.100 --> 0:16:23.750

Richard, Darryl

They'll identify the high watermark as we get into the actual project.

0:16:23.760 --> 0:16:23.900

Richard, Darryl

It's.

0:16:25.640 --> 0:16:26.410

Richard, Darryl

Yes, they did.

0:16:27.260 --> 0:16:28.690

Richard, Darryl
Close coordination.

0:16:28.860 --> 0:16:36.370

Richard, Darryl
We had actually more than one meeting with our storm water engineers here in District 1 just to review the technical aspects of this project.

0:17:13.80 --> 0:17:13.520

Kalbli, Shawn
Thank you.

0:16:36.380 --> 0:17:14.330

Richard, Darryl
So that's nailed down now in terms of plant materials and plant selection and high watermark, I don't think they're going to further define the water hydrology as they approach this in a real project context so that's all I can say. It has been reviewed by engineers and they put their stamp of approval on it but as far as us landscape architects and horticulturalist I have nothing else to say other than what the city presents in their application at this point.

0:17:16.130 --> 0:17:16.740

Stoddart, Dean
All right.

0:17:17.570 --> 0:17:18.420

Stoddart, Dean
Thanks, Shawn.

0:17:18.610 --> 0:17:25.910

Stoddart, Dean
Do we have any, any members of the public that would like to have any say or make a comment?

0:17:29.970 --> 0:17:35.140

Stoddart, Dean
Seeing none, I'm going to move on to #3.

0:17:35.690 --> 0:17:39.800

Stoddart, Dean
#3 is the applicant is the city of Port St Joe.

0:17:40.690 --> 0:17:41.790

Stoddart, Dean
They are.

0:17:41.800 --> 0:17:47.560

Stoddart, Dean
They have shown FDOT highway beautification grant - that's all for the project name.

0:17:47.570 --> 0:17:49.310

Stoddart, Dean

We'll have to get more information on that.

0:17:49.450 --> 0:18:2.840

Stoddart, Dean

It's on State Route 30 and they have requested \$129,580 that for the grant their match is \$35,540.

0:18:3.810 --> 0:18:15.250

Stoddart, Dean

We may ask District 3 to chime in, but we'll just say does anybody who has a comment or question, would you please raise your hand from the from the districts?

0:18:17.960 --> 0:18:18.970

McBurney, Willson

Dean, this is Wilson.

0:18:18.980 --> 0:18:19.750

McBurney, Willson

I can speak to that.

0:18:19.760 --> 0:18:39.30

McBurney, Willson

This Is US 98, running through downtown Port St Joe and last year's PBS&J was awarded a grant project and that project went through the design process seamlessly and should be nearing construction, sometimes soon.

0:18:39.40 --> 0:18:47.570

McBurney, Willson

And remember that last year's project and this year's project is a continuation of the repairs from damages caused by Hurricane Michael.

0:18:48.490 --> 0:18:52.720

McBurney, Willson

So it is a native and naturalized palette drought tolerance.

0:18:52.810 --> 0:18:58.270

McBurney, Willson

There are some irrigation and improvements that will be a part of the project as well.

0:18:59.730 --> 0:19:0.340

Stoddart, Dean

Right.

0:19:0.910 --> 0:19:1.570

Stoddart, Dean

I appreciate that.

0:19:3.350 --> 0:19:6.340

Stoddart, Dean

Alright, I'll go back to our FDOT coordinators.

0:19:6.350 --> 0:19:14.530

Stoddart, Dean

Do we have anybody that may want to question or have more clarification please raise your hand.

0:19:17.180 --> 0:19:19.400

Stoddart, Dean

Seeing none.

0:19:19.410 --> 0:19:29.180

Stoddart, Dean

I'm going to move on to our public guests if any of our guests would like to have a comment or more clarification, please raise your hand.

0:19:32.240 --> 0:19:34.980

Stoddart, Dean

Seeing none, we're going to move on to #4.

0:19:35.330 --> 0:19:37.320

Stoddart, Dean

The City of Tallahassee.

0:19:37.370 --> 0:19:42.110

Stoddart, Dean

This would be the Monroe Street downtown Sidewalk Enhancement project.

0:19:42.370 --> 0:19:44.20

Stoddart, Dean

This is phase two.

0:19:44.650 --> 0:19:51.760

Stoddart, Dean

This is located on US 27 State Route 363, State Route 61 and State Route 20.

0:19:52.610 --> 0:20:5.800

Stoddart, Dean

They are requesting \$186,750 and their match is \$1,574,771.

0:20:6.610 --> 0:20:12.760

Stoddart, Dean

I will open the floor to our district coordinators.

0:20:12.770 --> 0:20:14.980

Stoddart, Dean

Do we have anybody who has a question?

0:20:15.130 --> 0:20:16.290

Stoddart, Dean
Please raise your hand.

0:20:19.770 --> 0:20:21.960

McBurney, Willson
Dean, I can make comment about this too.

0:20:21.970 --> 0:20:35.310

McBurney, Willson
This Is Us 27 through downtown Tallahassee and this is an area that does have existing street trees that are now maybe 10 to 15 years old and they are struggling.

0:20:35.320 --> 0:20:44.720

McBurney, Willson
And so the city has decided the best way to implement their canopy tree concept here is to include Silva Cells in the project now.

0:20:44.770 --> 0:20:44.990

Stoddart, Dean
Ah.

0:20:44.730 --> 0:21:6.420

McBurney, Willson
So that's why you can see that the matching amount is a lot greater than the requested amount and so the requested amount are plants and irrigation, and the bulk of the match is Silva Cell hardscape and other furnishings that go along with what will be a nice complete streets project through downtown.

0:21:8.20 --> 0:21:8.250

Stoddart, Dean
Nice.

0:21:10.330 --> 0:21:10.790

Stoddart, Dean
All right.

0:21:11.470 --> 0:21:18.380

Stoddart, Dean
With that description, any comments or questions from our coordinators.

0:21:20.170 --> 0:21:25.940

Stoddart, Dean
Seeing none, opening to our guests or public.

0:21:27.460 --> 0:21:35.220

Stoddart, Dean
Any questions, comments of from our public people who are in that attendance, please raise your hand.

0:21:38.400 --> 0:21:41.430

Stoddart, Dean

Seeing none lets move on to #5.

0:21:43.360 --> 0:21:46.90

Stoddart, Dean

Grant #5 is also from the city of Tallahassee.

0:21:46.140 --> 0:21:52.100

Stoddart, Dean

This is Monroe Street downtown sidewalk Enhancement project, phase one.

0:21:54.210 --> 0:22:5.90

Stoddart, Dean

Same highway, Monroe Street and they are asking for \$209,252.

0:22:6.460 --> 0:22:7.40

Stoddart, Dean

That number is difficult to say.

0:22:8.420 --> 0:22:9.360

Stoddart, Dean

And then they are.

0:22:9.370 --> 0:22:15.70

Stoddart, Dean

They're match is \$2,135,358.

0:22:16.800 --> 0:22:24.940

Stoddart, Dean

So with that, that's #5. Do we have any of our district coordinators who have questions, comments, please raise your hand.

0:22:31.120 --> 0:22:41.420

McBurney, Willson

Dean I'll say that this is a second segment and really matches in theme and character of that first segment we already talked about.

0:22:42.880 --> 0:22:43.330

Stoddart, Dean

Excellent.

0:22:43.630 --> 0:22:45.930

Stoddart, Dean

I was assuming that, but I'm glad that you confirmed that.

0:22:48.660 --> 0:22:49.150

Stoddart, Dean

OK.

0:22:49.160 --> 0:22:55.670

Stoddart, Dean

Any discussions from our public that we have online, public guests?

0:22:57.630 --> 0:22:58.410

Stoddart, Dean

Please raise your hand.

0:23:0.810 --> 0:23:5.520

Stoddart, Dean

OK, I'm not seeing any hands raised right now.

0:23:6.30 --> 0:23:10.920

Stoddart, Dean

Moving on to #6, which is the city of Oakland Park.

0:23:11.470 --> 0:23:15.700

Stoddart, Dean

The project name is the Dixie Highway beautification.

0:23:15.710 --> 0:23:17.320

Stoddart, Dean

It's on State Route 811.

0:23:18.550 --> 0:23:26.950

Stoddart, Dean

They are requesting \$240,000 in their match is \$405,456.

0:23:29.500 --> 0:23:39.690

Stoddart, Dean

And as I mentioned earlier, the maximum grant that we're going to be able to give out is a little bit less than that, but still they'll be given the option for maxing out what we have available.

0:23:41.320 --> 0:23:41.910

Stoddart, Dean

OK.

0:23:41.980 --> 0:23:50.290

Stoddart, Dean

Number #6 do we have any district coordinators who would have a comment or a concern or a question or any other discussion?

0:23:51.670 --> 0:23:52.760

Lockmiller, David

I do.

0:23:52.810 --> 0:23:56.780

Lockmiller, David

I would like to go ahead and just kind of give a little prelude to this one.

0:23:57.50 --> 0:23:57.450

Stoddart, Dean
Sure.

0:23:57.150 --> 0:23:58.760

Lockmiller, David
This is in District 4.

0:23:59.430 --> 0:24:7.240

Lockmiller, David
This city has done a few other grants in the past and has had great success in their projects.

0:24:7.410 --> 0:24:21.360

Lockmiller, David
As you read through it, they are putting effort into the streetscape, and also along this area is the railroad tracks that they're trying to incorporate putting in screening.

0:24:21.370 --> 0:24:24.340

Lockmiller, David
And so it's going to be a pretty good project.

0:24:26.940 --> 0:24:28.410

Stoddart, Dean
Excellent, excellent.

0:24:28.420 --> 0:24:33.510

Stoddart, Dean
Thanks, any coordinators district coordinators with comments.

0:24:33.520 --> 0:24:34.310

Stoddart, Dean
Please raise your hand.

0:24:38.210 --> 0:24:39.40

Stoddart, Dean
Yes, Shawn.

0:24:39.400 --> 0:24:39.730

Stoddart, Dean
Yes, Sir.

0:24:42.20 --> 0:24:43.990

Kalbli, Shawn
Quick question for David Dean.

0:24:44.0 --> 0:24:53.590

Kalbli, Shawn
As I saw in the part one application that they selected letters of support but did not see any letters of support uploaded to the grant portal.

0:24:53.600 --> 0:24:55.660

Kalbli, Shawn

Do you know if they received those letters?

0:24:56.850 --> 0:24:59.80

Lockmiller, David

I am not sure on that.

0:24:59.90 --> 0:25:2.120

Lockmiller, David

I'd have to check with them and see if they do have that.

0:25:2.390 --> 0:25:6.20

Lockmiller, David

I know they've had support in the past, so maybe that was just an oversight.

0:25:6.30 --> 0:25:8.900

Lockmiller, David

They didn't get that uploaded so.

0:25:9.150 --> 0:25:9.420

Kalbli, Shawn

OK.

0:25:9.710 --> 0:25:10.110

Kalbli, Shawn

Thank you.

0:25:10.650 --> 0:25:10.870

Lockmiller, David

Yes.

0:25:13.390 --> 0:25:13.840

Stoddart, Dean

All right.

0:25:13.850 --> 0:25:16.530

Stoddart, Dean

Anymore questions from our district coordinators.

0:25:18.630 --> 0:25:20.20

Stoddart, Dean

Seeing none.

0:25:20.30 --> 0:25:22.260

Stoddart, Dean

I'll open the floor to our public.

0:25:22.270 --> 0:25:23.980

Stoddart, Dean

Guests who are in attendance.

0:25:24.0 --> 0:25:27.90

Stoddart, Dean

We have any questions, please raise your virtual hand.

0:25:30.890 --> 0:25:32.800

Stoddart, Dean

Not seeing anything here.

0:25:33.570 --> 0:25:35.990

Stoddart, Dean

We're going to move on to #7.

0:25:37.260 --> 0:25:40.290

Stoddart, Dean

This is also in District 4, the town of Lantana.

0:25:40.370 --> 0:25:43.420

Stoddart, Dean

This is a beautification of Dixie highway medians.

0:25:43.680 --> 0:25:48.20

Stoddart, Dean

It's on US route 1, also known as the Dixie Highway.

0:25:49.400 --> 0:25:59.190

Stoddart, Dean

The request is for a \$72,444 and their match is \$56,368.

0:26:0.140 --> 0:26:4.170

Stoddart, Dean

I will open the floor to our district coordinators.

0:26:4.380 --> 0:26:9.90

Stoddart, Dean

Do we have any questions, comments, any discussion?

0:26:14.410 --> 0:26:35.400

Lockmiller, David

I'll go ahead to say on this one for the town of Lantana, this is a smaller project, but they are trying to enhance the roadway and they had asked the district to put in these medians to help with their small community.

0:26:35.590 --> 0:26:45.340

Lockmiller, David

So it is a very important component in their town that they were trying to work with FDOT and beautify their area.

0:26:47.870 --> 0:26:48.80

Stoddart, Dean

Right.

0:26:48.770 --> 0:26:49.250

Stoddart, Dean

Thanks David.

0:26:50.110 --> 0:26:58.390

Stoddart, Dean

Any more comments, questions from our district coordinators about, on the town of Lantana.

0:27:0.200 --> 0:27:3.990

Stoddart, Dean

How about anybody from our public guests?

0:27:4.0 --> 0:27:8.700

Stoddart, Dean

Please raise your hand if you have a question or comment or any discussion.

0:27:11.30 --> 0:27:15.680

Stoddart, Dean

OK, I'm not seeing anything, so moving on.

0:27:15.810 --> 0:27:18.180

Stoddart, Dean

I'm going to adjust the screen here so we can get to the next couple grants.

0:27:19.480 --> 0:27:20.560

Stoddart, Dean

So we can see all 14 of them.

0:27:22.80 --> 0:27:26.570

Stoddart, Dean

Alright, #8, City of Miami Gardens.

0:27:26.580 --> 0:27:34.370

Stoddart, Dean

This is a landscape median and buffer improvement, which is a State Route 817 and the city of Miami Gardens.

0:27:34.980 --> 0:27:45.530

Stoddart, Dean

So they are requesting \$162,478 and their match is \$42,225.

0:27:45.680 --> 0:27:48.50

Stoddart, Dean

And I see Nahtalie has her hand up.

0:27:48.60 --> 0:27:49.240

Stoddart, Dean

So hey Natalie?

0:27:49.760 --> 0:27:51.10

Cordero, Nathalie

Hey, good afternoon.

0:27:51.760 --> 0:27:53.270

Cordero, Nathalie

The City of Miami Gardens.

0:27:53.280 --> 0:27:56.90

Cordero, Nathalie

The this is for a State Road A-17.

0:27:56.680 --> 0:28:18.270

Cordero, Nathalie

They want to improve the existing site conditions and irrigation system with the FDOT Right-of-Way. The previous landscape installation included trees, palms, shrubs and ground cover and as well. They're going to remove some the trees and the palms and all the plant material that is in poor condition.

0:28:19.100 --> 0:28:26.460

Cordero, Nathalie

They want to honor the name of the city which is called Miami Gardens, so they want a garden.

0:28:26.970 --> 0:28:30.880

Cordero, Nathalie

This is one of the first projects that they're going to start doing with FDOT.

0:28:30.890 --> 0:28:32.920

Cordero, Nathalie

They might apply for the beautification grants in the future.

0:28:33.750 --> 0:28:34.860

Cordero, Nathalie

That's all I have.

0:28:35.500 --> 0:28:36.70

Stoddart, Dean

Great.

0:28:36.80 --> 0:28:37.450

Stoddart, Dean

I appreciate the background.

0:28:37.460 --> 0:28:37.700

Cordero, Nathalie

Yes.

0:28:38.420 --> 0:28:39.90

Stoddart, Dean

Alright.

0:28:39.100 --> 0:28:46.170

Stoddart, Dean

Do we have any comments, questions, concerns, discussion from our district coordinators?

0:28:46.600 --> 0:28:48.580

Stoddart, Dean

Please raise your hand if you do.

0:28:52.570 --> 0:28:56.460

Stoddart, Dean

Seeing none, how about our public guests?

0:28:56.470 --> 0:29:0.540

Stoddart, Dean

Are there any questions, concerns, comments from our public?

0:29:0.600 --> 0:29:1.780

Stoddart, Dean

Please raise your hand.

0:29:5.390 --> 0:29:6.480

Stoddart, Dean

And seeing none.

0:29:7.150 --> 0:29:9.140

Stoddart, Dean

Thank you very much, Natalie.

0:29:9.850 --> 0:29:13.300

Stoddart, Dean

Let's move on to the village of Miami Shores.

0:29:15.610 --> 0:29:23.650

Stoddart, Dean

The description is 2023-24 highway beautification Grant, we'll get some background on that from Natalie, but it's on US1.

0:29:23.830 --> 0:29:32.60

Stoddart, Dean

They are requesting \$131,760 and their match is \$51,785.

0:29:33.990 --> 0:29:35.680

Stoddart, Dean

I'm going to call on you now.

0:29:35.690 --> 0:29:39.240

Stoddart, Dean

Because this is in your district as well, if you could give us a little background.

0:29:39.780 --> 0:29:40.550

Cordero, Nathalie

Yes, sure.

0:29:40.600 --> 0:29:46.910

Cordero, Nathalie

Well, the village, they want to further enhance beautification efforts along the corridor.

0:29:46.920 --> 0:29:51.670

Cordero, Nathalie

It's one of the busiest corridors in the village and one of the busiest in the city of Miami.

0:29:52.80 --> 0:30:3.490

Cordero, Nathalie

This is on State Road 5 and also, they want to remove some dead palms that they have there and to include new planting there.

0:30:4.950 --> 0:30:5.580

Cordero, Nathalie

So that's done.

0:30:7.360 --> 0:30:7.500

Stoddart, Dean

Yes.

0:30:7.320 --> 0:30:8.100

Cordero, Nathalie

That's all I wanted to do.

0:30:8.750 --> 0:30:9.140

Stoddart, Dean

Good.

0:30:9.610 --> 0:30:10.60

Stoddart, Dean

Well, thank you.

0:30:10.680 --> 0:30:10.800

Cordero, Nathalie

Yes.

0:30:12.130 --> 0:30:19.450

Stoddart, Dean

Questions, comments, discussion amongst our coordinators, if any, please raise your hand.

0:30:22.400 --> 0:30:25.540

Stoddart, Dean

And Natalie, you still have your hand up, probably just because you were just speaking.

0:30:29.360 --> 0:30:30.850

Stoddart, Dean

Natalie, do you have a comment?

0:30:30.860 --> 0:30:32.140

Stoddart, Dean

Oh, there it goes off.

0:30:31.480 --> 0:30:32.600

Cordero, Nathalie

I just removed it.

0:30:32.710 --> 0:30:33.730

Cordero, Nathalie

I'm sorry, I apologize.

0:30:33.500 --> 0:30:34.70

Stoddart, Dean

Right.

0:30:34.220 --> 0:30:35.550

Stoddart, Dean

No, no problem at all.

0:30:36.180 --> 0:30:41.150

Stoddart, Dean

Seeing nothing from our coordinators I'll ask the same from our public.

0:30:41.160 --> 0:30:42.310

Stoddart, Dean

That may be in attendance.

0:30:42.700 --> 0:30:45.990

Stoddart, Dean

Please raise your hand if you have any questions, comments, concerns.

0:30:49.210 --> 0:30:55.400

Stoddart, Dean

Seeing none, let's move on to #10.

0:30:55.620 --> 0:30:56.480

Stoddart, Dean
The city of Lynn Haven.

0:30:58.520 --> 0:31:6.330

Stoddart, Dean
Their beautification grant application name is the same name as the grant, and we'll probably get some feedback from Wilson on what that entails.

0:31:6.540 --> 0:31:7.420

Stoddart, Dean
This is on Hwy.

0:31:7.430 --> 0:31:9.290

Stoddart, Dean
77 Ohio Ave.

0:31:10.30 --> 0:31:19.750

Stoddart, Dean
They're requesting \$151,189 and their match is \$76,660.00.

0:31:20.440 --> 0:31:22.690

Stoddart, Dean
So the city of Lynn Haven.

0:31:25.220 --> 0:31:26.530

Stoddart, Dean
Willson?

0:31:26.40 --> 0:31:33.50

McBurney, Willson
Doing this project is an improvement that helps, continues to make some repairs.

0:31:35.480 --> 0:31:44.900

McBurney, Willson
From Hurricane Michael damage, Hurricane Michael just five years ago, almost to the week, I think last week and we're still trying to put cities and towns back together in Bay County.

0:31:45.780 --> 0:31:51.470

McBurney, Willson
So this puts some repairs on the median landscape that was there.

0:31:51.480 --> 0:31:57.480

McBurney, Willson
It also adds some beautification landscape around the.

0:31:59.140 --> 0:32:1.650

McBurney, Willson
New "Welcome to the City of Lynn Haven".

0:32:1.700 --> 0:32:9.160

McBurney, Willson

Signs, and also adds some needed screening around their wastewater treatment plant that suffered some damage as well.

0:32:11.520 --> 0:32:12.610

Stoddart, Dean

Great.

0:32:12.900 --> 0:32:15.470

Stoddart, Dean

Yes, that damage is still being repaired.

0:32:16.100 --> 0:32:18.450

Stoddart, Dean

It was a terrible storm.

0:32:18.900 --> 0:32:23.120

Stoddart, Dean

Any of our district coordinators comments, questions, discussion.

0:32:23.670 --> 0:32:26.910

Stoddart, Dean

On the city of Lynn Haven and their application.

0:32:30.520 --> 0:32:34.470

Stoddart, Dean

Seeing none, I'm going to open the floor to public guests.

0:32:34.870 --> 0:32:38.230

Stoddart, Dean

Any questions or discussion.

0:32:39.720 --> 0:32:40.430

Stoddart, Dean

Please raise your hand.

0:32:43.450 --> 0:32:53.180

Stoddart, Dean

Seeing none, we shall move to another one in District 3, the Blueprint Intergovernmental Agency.

0:32:53.490 --> 0:32:53.950

Stoddart, Dean

Wow.

0:32:54.870 --> 0:33:1.60

Stoddart, Dean

And this one is kind of a generic title as well in the Intergovernmental Agency, this is on.

0:33:1.100 --> 0:33:5.670

Stoddart, Dean

Our US 27 / State Route 63 on North Monroe Street.

0:33:6.170 --> 0:33:10.40

Stoddart, Dean

Here in downtown Tallahassee.

0:33:10.350 --> 0:33:17.420

Stoddart, Dean

They're requesting \$93,098 and they're match is \$212,750.

0:33:18.380 --> 0:33:20.860

Stoddart, Dean

District coordinators.

0:33:20.870 --> 0:33:22.750

Stoddart, Dean

Any comments, discussion, questions?

0:33:26.100 --> 0:33:41.110

McBurney, Willson

This is also on US 27, which is north of downtown Tallahassee, and in this case Blueprint is making the application and then when the project is turned over for maintenance, it will be maintained by the City of Tallahassee.

0:33:46.200 --> 0:33:46.420

Stoddart, Dean

OK.

0:33:41.120 --> 0:33:48.330

McBurney, Willson

But this project actually removes pavement in the middle of US 27 and turns it into green planting space.

0:33:48.340 --> 0:34:4.470

McBurney, Willson

And so that again is why you see the skewed number there with the matching cost much, much higher than the plant cost, they're actually removing asphalt, removing base material, adding curb and gutter and then planting and irrigation in those mediums.

0:34:6.360 --> 0:34:10.590

McBurney, Willson

This also is identified as part of the Northern Gateway to the city of Tallahassee.

0:34:12.690 --> 0:34:13.280

Stoddart, Dean

Alright.

0:34:13.490 --> 0:34:14.160

Stoddart, Dean

Thank you.

0:34:14.950 --> 0:34:16.200

Stoddart, Dean

David, you have your hand up, Sir.

0:34:18.800 --> 0:34:27.850

Lockmiller, David

Yes, I I have a couple of questions on this and I think it's great, turning pavement into green space.

0:34:28.240 --> 0:34:40.30

Lockmiller, David

The only question I have is the timing of when the road work is going to be able to be completed before the JPA expires.

0:34:40.240 --> 0:34:43.340

Lockmiller, David

Just kind of a general observation.

0:34:43.450 --> 0:34:50.710

Lockmiller, David

Timing wise if that can be accomplished or if it's going to be an issue that if the JPA runs out.

0:34:53.70 --> 0:34:54.240

Stoddart, Dean

I don't know, Wilson?

0:34:54.480 --> 0:34:54.650

Lockmiller, David

Yes.

0:34:56.630 --> 0:34:57.680

McBurney, Willson

I don't.

0:34:54.250 --> 0:34:57.690

Stoddart, Dean

If you're able to address that or Pam.

0:34:57.810 --> 0:35:0.190

McBurney, Willson

I don't quite understand your question, David.

0:35:0.820 --> 0:35:1.250

Lockmiller, David

OK.

0:35:1.260 --> 0:35:7.350

Lockmiller, David

Is the pavement still on site or has it been removed and it's ready for planting?

0:35:8.370 --> 0:35:9.340

McBurney, Willson

I know it's part of the.

0:35:9.400 --> 0:35:10.830

McBurney, Willson

It's part of the project.

0:35:12.730 --> 0:35:31.270

McBurney, Willson

I also didn't mention that just to the north of this project, the Department, District 3 is doing a landscape project that also includes some addition of curbing and landscaping irrigation and this particular median to medians that we're talking about here.

0:35:33.790 --> 0:35:35.440

McBurney, Willson

Wasn't able to be funded by the department.

0:35:35.450 --> 0:35:45.430

McBurney, Willson

We just didn't have enough money, so Blueprint stepped in and asked to do that, and I expect that it'll be streamlined David, to be completed within a year.

0:35:46.140 --> 0:35:46.480

Lockmiller, David

OK.

0:35:46.490 --> 0:35:52.750

Lockmiller, David

Yes, I mean, seeing if that was going to cause any issues in the timing sequence.

0:35:55.440 --> 0:35:56.10

Stoddart, Dean

Thank you, David.

0:35:56.560 --> 0:35:56.720

Lockmiller, David

Yes.

0:35:56.940 --> 0:36:2.670

Stoddart, Dean

Any more discussion, comments, questions from our district coordinators, please raise your hand.

0:36:5.350 --> 0:36:8.110

Stoddart, Dean

Seeing none, we'll go to public.

0:36:8.310 --> 0:36:11.840

Stoddart, Dean

Folks and guests, I wonder if we could get any.

0:36:15.810 --> 0:36:16.30

Michael Alfano

Hi.

0:36:11.930 --> 0:36:16.230

Stoddart, Dean

Oh, we have one, Michael Alfano.

0:36:16.40 --> 0:36:16.420

Michael Alfano

Yes.

0:36:16.430 --> 0:36:18.50

Michael Alfano

Just, sorry to buck the trends here.

0:36:18.60 --> 0:36:20.490

Michael Alfano

Just want to say on behalf of group Blueprint.

0:36:20.500 --> 0:36:21.540

Michael Alfano

Thank you for your consideration.

0:36:23.630 --> 0:36:24.360

Stoddart, Dean

Thank you very much.

0:36:24.370 --> 0:36:32.580

Stoddart, Dean

Appreciate your attending . Any other additional comments from the public on the Blueprint International Intergovernmental Agency.

0:36:35.90 --> 0:36:36.950

Stoddart, Dean

Alright, let's move to #12.

0:36:36.960 --> 0:36:38.280

Stoddart, Dean

The city of Hollywood.

0:36:38.370 --> 0:36:40.680

Stoddart, Dean
This is US Hwy 1.

0:36:40.690 --> 0:36:44.670

Stoddart, Dean
beautification phase one, in District 4.

0:36:45.290 --> 0:36:46.420

Stoddart, Dean
This is on.

0:36:47.210 --> 0:36:50.540

Stoddart, Dean
Well, I'm going to say State Road 511.

0:36:50.550 --> 0:37:3.980

Stoddart, Dean
I believe US 1, they are requesting \$240,000 and their match is \$2,997,543.

0:37:4.390 --> 0:37:8.50

Stoddart, Dean
So that's, that's in District 4.

0:37:8.360 --> 0:37:13.210

Stoddart, Dean
Do we have any discussion, comments, questions from our district coordinators?

0:37:13.260 --> 0:37:14.110

Stoddart, Dean
Please raise your hand.

0:37:14.160 --> 0:37:14.560

Stoddart, Dean
Hey, David.

0:37:16.320 --> 0:37:16.570

Lockmiller, David
Yes.

0:37:16.580 --> 0:37:31.50

Lockmiller, David
Again, this project, they are following a roadway project and they're coming in and landscaping, they have the opportunity to landscape this area after the roadway project to enhance the downtown growth area that is occurring.

0:37:31.60 --> 0:37:34.310

Lockmiller, David
So there's good timing on this.

0:37:36.700 --> 0:37:37.100

Stoddart, Dean

Excellent.

0:37:39.400 --> 0:37:45.310

Stoddart, Dean

Any additional questions, comments, discussion from our district coordinators, please raise your hand.

0:37:48.110 --> 0:37:56.170

Stoddart, Dean

Seeing none. Any of our public members, if there's any discussion, questions, comments, please raise your hand.

0:37:59.800 --> 0:38:1.770

Stoddart, Dean

I'm seeing none.

0:38:2.500 --> 0:38:7.130

Stoddart, Dean

We're going to move down to 13, which is also the city of Hollywood.

0:38:7.200 --> 0:38:10.900

Stoddart, Dean

I'm going to make an assumption it's sort of the same thing as the last application, but maybe.

0:38:12.800 --> 0:38:26.50

Stoddart, Dean

David can talk on that, but anyway it's on State Route 5, US Hwy 1. they're requesting \$240,000 and their match is \$3,726,919.

0:38:27.60 --> 0:38:28.190

Stoddart, Dean

OK, David.

0:38:28.670 --> 0:38:28.940

Stoddart, Dean

Uh.

0:38:29.690 --> 0:38:32.350

Stoddart, Dean

Is this kind of the same as #12?

0:38:33.370 --> 0:38:41.800

Lockmiller, David

Yes, it's on the North side of Young Circle, which is a hub in in the center of the city.

0:38:41.810 --> 0:38:43.970

Lockmiller, David

So it does tie in and continue.

0:38:45.860 --> 0:38:46.240

Stoddart, Dean
Gotcha.

0:38:48.530 --> 0:38:48.980

Stoddart, Dean
Alright.

0:38:49.180 --> 0:38:54.280

Stoddart, Dean
Any discussion, questions, comments, concerns from our district coordinators.

0:38:57.670 --> 0:38:58.800

Stoddart, Dean
I'm seeing none.

0:39:0.40 --> 0:39:5.60

Stoddart, Dean
From our esteemed public guest, do we have any comments or questions, please raise your hand.

0:39:8.270 --> 0:39:9.870

Stoddart, Dean
I'm not seeing any there.

0:39:11.940 --> 0:39:14.710

Stoddart, Dean
#14, the city of Miramar.

0:39:14.760 --> 0:39:20.60

Stoddart, Dean
This is a landscape project on Miramar Parkway from SW 148th Ave.

0:39:20.790 --> 0:39:22.160

Stoddart, Dean
Um.

0:39:22.170 --> 0:39:23.880

Stoddart, Dean
And I'm going to say Hwy.

0:39:23.890 --> 0:39:26.360

Stoddart, Dean
858 Miramar Parkway.

0:39:26.830 --> 0:39:36.240

Stoddart, Dean
So their request is \$241,087 and their match is \$116,910

0:39:37.900 --> 0:39:45.450

Stoddart, Dean

For #14, do we have any questions, comments, discussion from our district coordinators?

0:39:46.920 --> 0:39:47.780

Stoddart, Dean

Yes Sir, David?

0:39:48.930 --> 0:39:49.240

Lockmiller, David

OK.

0:39:49.250 --> 0:39:52.690

Lockmiller, David

Yes, the exhibit is.

0:39:55.300 --> 0:40:8.240

Lockmiller, David

Showing the area and it's very limited on what they were able to put together exhibit wise, but there is a great opportunity in these medians to come back in and landscape.

0:40:8.300 --> 0:40:20.570

Lockmiller, David

This whole interchange was just recently landscaped with a FDOT project, so I will definitely be working with them and their landscape architect and be able to tie in.

0:40:20.760 --> 0:40:25.340

Lockmiller, David

We've also previously put in some date palms in here.

0:40:25.350 --> 0:40:40.430

Lockmiller, David

And so I'd be working closely with them to come up with a really nice design in this area, even though the presentation may not portray that, it will definitely be a good finish in what the city needs to complete this at this interchange.

0:40:43.520 --> 0:40:44.10

Stoddart, Dean

All right.

0:40:44.60 --> 0:40:44.420

Stoddart, Dean

Thank you.

0:40:44.430 --> 0:40:51.780

Stoddart, Dean

David. Do we have any discussion, comments, questions from our district coordinators on the city of Miramar?

0:40:54.60 --> 0:40:54.700

Stoddart, Dean

Yes, Natalie.

0:40:55.780 --> 0:40:56.890

Cordero, Nathalie

I have a question.

0:40:56.900 --> 0:40:59.930

Cordero, Nathalie

I saw that the resolution is not signed.

0:41:0.40 --> 0:41:3.180

Cordero, Nathalie

Is it still the case that it's not signed, the resolution.

0:41:5.700 --> 0:41:13.580

Lockmiller, David

No, it has been signed and I believe it's been uploaded and we've downloaded the signed one and reviewed it to make sure.

0:41:14.260 --> 0:41:14.630

Cordero, Nathalie

OK.

0:41:15.30 --> 0:41:17.530

Cordero, Nathalie

Because I just have the old version.

0:41:17.600 --> 0:41:18.340

Cordero, Nathalie

Thank you, David.

0:41:18.840 --> 0:41:19.460

Lockmiller, David

Thanks.

0:41:22.270 --> 0:41:24.300

Stoddart, Dean

Yes, Shawn, what do you have, Sir?

0:41:24.740 --> 0:41:32.90

Kalbli, Shawn

Let me double check on Miramar real quick to see if that sign resolution was there because I went back and checked that.

0:41:34.310 --> 0:41:36.230

Kalbli, Shawn

Here, bear with me please.

0:41:41.740 --> 0:41:42.10

Stoddart, Dean

Ah.

0:41:41.470 --> 0:41:44.550

Kalbli, Shawn

Yes, the sign resolution is now posted in the portal.

0:41:45.330 --> 0:41:46.20

Stoddart, Dean

Excellent.

0:41:46.90 --> 0:41:47.120

Stoddart, Dean

Thanks for checking out that.

0:41:47.730 --> 0:41:48.0

Kalbli, Shawn

Yes, Sir.

0:41:49.110 --> 0:42:2.330

Stoddart, Dean

And do we have any of our public folks who may have a question, comment, discussion on the city of Miramar, I would invite you to raise your hand and let me know.

0:42:5.260 --> 0:42:13.390

Stoddart, Dean

All right, seeing none, I'm going to make a final call for all district coordinators.

0:42:14.40 --> 0:42:34.850

Stoddart, Dean

If you have a question over any of these 14 projects that came to mind as we were going through them, I would like for you to raise your hand and let us know. This is your opportunity to express your thoughts or things of a discussion nature about the project.

0:42:35.560 --> 0:42:42.890

Stoddart, Dean

So I would encourage anyone who still had a question or comment or wanted to discuss one of these projects.

0:42:44.10 --> 0:42:46.930

Stoddart, Dean

This is your opportunity, so please raise your hand.

0:42:53.170 --> 0:42:54.20

Stoddart, Dean

All right, David.

0:42:56.670 --> 0:42:59.360

Lockmiller, David

Mine is a general question.

0:42:59.910 --> 0:43:6.980

Lockmiller, David

I know that a lot of the cities were working hard in preparing these submittals.

0:43:8.650 --> 0:43:11.640

Lockmiller, David

And again, these are preliminary cost estimates.

0:43:11.690 --> 0:43:29.740

Lockmiller, David

I have a question. When they get more into the nuts and bolts on these final plans, if there's adjustments in the cost estimate, how does that come into play? You may not have answers now I'm just putting that out there and maybe somebody can get back with me on that.

0:43:30.790 --> 0:43:33.130

Stoddart, Dean

I can speak from previous experience.

0:43:34.930 --> 0:43:45.410

Stoddart, Dean

Last year we had money that had rolled over, as I was explaining earlier, there was an increase in cost in a project and we were able to cover those increases.

0:43:46.290 --> 0:43:50.490

Stoddart, Dean

With a reasonable explanation of course from the project.

0:43:52.330 --> 0:43:53.560

Stoddart, Dean

Without any problem.

0:43:53.690 --> 0:44:4.340

Stoddart, Dean

So I imagine that if we end up dispersing all of the funds, there won't be any additional funds left to increase any amounts.

0:44:4.630 --> 0:44:21.870

Stoddart, Dean

And also I've had some that have decreased, so if there's a portion of it that was not able to be done or it came in unexpectedly inexpensive, then we have reduced the numbers as well.

0:44:22.260 --> 0:44:38.110

Stoddart, Dean

So I don't know if that answers your question, but if there are funds available and it's a reasonable

increase and that it's backed up with some details, then the chances are likely that we would be able to help you out.

0:44:39.840 --> 0:44:41.880

Lockmiller, David

I know that that answered it perfect. Thanks.

0:44:42.800 --> 0:44:43.660

Stoddart, Dean

Yes, you're welcome.

0:44:45.860 --> 0:44:46.610

Stoddart, Dean

Alright.

0:44:47.140 --> 0:44:53.670

Stoddart, Dean

Anything else from our district coordinators over our projects this year?

0:44:57.330 --> 0:45:0.390

Stoddart, Dean

Seeing none, and please interrupt me if you do.

0:45:2.10 --> 0:45:4.960

Stoddart, Dean

How about our public guests?

0:45:5.130 --> 0:45:15.800

Stoddart, Dean

If you have any questions, comments, concerns, discussions, anything of that nature in regard to our grants that we have this year, please raise your hand.

0:45:15.810 --> 0:45:16.110

Stoddart, Dean

Let me know.

0:45:22.380 --> 0:45:26.900

Stoddart, Dean

Well, I'm not seeing any hands raised so.

0:45:28.900 --> 0:45:29.190

Stoddart, Dean

OK.

0:45:30.30 --> 0:45:30.320

Stoddart, Dean

Uh.

0:45:30.640 --> 0:45:45.90

Stoddart, Dean

And as you can see on the screen right now, the total that is requested was \$2,416,360 which is above the amount that we have to offer, which in my opinion is great news.

0:45:45.520 --> 0:45:53.90

Stoddart, Dean

This means that we actually have a competitive grant as opposed to the last two years when we were not able to give away all the money that we had.

0:45:53.180 --> 0:45:57.190

Stoddart, Dean

So this is this is a welcome to change from my perspective.

0:45:58.520 --> 0:45:59.890

Stoddart, Dean

I want to thank everybody.

0:46:0.240 --> 0:46:7.110

Stoddart, Dean

When I set up the time of 30 minutes, we didn't know how many applications we were going to have, and then we ended up with 14.

0:46:7.400 --> 0:46:14.550

Stoddart, Dean

So we ended up going 15-16 minutes over on our time, but I do appreciate everybody's efforts.

0:46:14.940 --> 0:46:20.650

Stoddart, Dean

I appreciate you logging in and I appreciate our public for attending as well.

0:46:21.360 --> 0:46:23.770

Stoddart, Dean

Shawn, you have a comment or question.

0:46:24.450 --> 0:46:38.130

Kalbli, Shawn

Just to wind the meeting down I thought maybe could provide a quick overview of the dates ahead for us and if you don't mind, I have that information pulled up and could just read that out loud for the record as well as the attendees.

0:46:38.730 --> 0:46:40.360

Stoddart, Dean

Well, sure, that that'll be helpful.

0:46:40.370 --> 0:46:42.240

Stoddart, Dean

Yes, I don't have them sitting in front of me.

0:46:42.250 --> 0:46:43.930

Stoddart, Dean

So if you have them, let's have it.

0:46:44.570 --> 0:46:44.940

Kalbli, Shawn

All right.

0:46:44.950 --> 0:46:45.460

Kalbli, Shawn

Thank you, Sir.

0:46:45.470 --> 0:46:47.70

Kalbli, Shawn

So today begins.

0:46:47.80 --> 0:47:8.580

Kalbli, Shawn

The actual review by the grant coordinators and they'll have up until October 31st to complete that. November 1st will be our ranking meeting and then November 23rd, the award notices to applicants is tentatively scheduled to be issued and then December 8th awards accepted by the applicants.

0:47:8.590 --> 0:47:15.370

Kalbli, Shawn

Also tentative and for anybody who needs that grant schedule information, it is available on the FDOT.

0:47:15.460 --> 0:47:19.330

Kalbli, Shawn

Beautification website about halfway down the web page.

0:47:19.450 --> 0:47:19.930

Kalbli, Shawn

Thank you, Dean.

0:47:20.920 --> 0:47:21.210

Stoddart, Dean

Yes.

0:47:21.220 --> 0:47:21.700

Stoddart, Dean

Thanks, Shawn.

0:47:22.810 --> 0:47:34.320

Stoddart, Dean

And I'll just reiterate that, yes, most of the information, in fact all of the current information that I'm able to gather as we go along here, I do show it on our grant web page.

0:47:34.330 --> 0:47:39.260

Stoddart, Dean

So that's the latest and greatest information that I have available.

0:47:39.450 --> 0:47:45.330

Stoddart, Dean

If you had questions about it, you can check on the FDOT landscape web page.

0:47:45.340 --> 0:47:50.720

Stoddart, Dean

Just search for FDOT landscape and you'll see something called the beautification grant.

0:47:51.190 --> 0:47:54.330

Stoddart, Dean

And if you follow that, you should get to our website.

0:47:55.400 --> 0:47:55.910

Stoddart, Dean

Um.

0:47:57.70 --> 0:48:0.660

Stoddart, Dean

I'm going to one last time ask our.

0:48:2.490 --> 0:48:10.240

Stoddart, Dean

For our district coordinators or the public, if you have any questions whatsoever, comments, this is it.

0:48:10.350 --> 0:48:11.430

Stoddart, Dean

I'd love to hear about them.

0:48:14.840 --> 0:48:29.970

Stoddart, Dean

I'm not seeing anybody raising their hand, so I'm going to assume at this point that there are no more questions or comments or discussion on our 2023-24 grant application.

0:48:30.60 --> 0:48:34.990

Stoddart, Dean

This year, so again thank you everybody for logging in.

0:48:35.140 --> 0:48:37.850

Stoddart, Dean

This is a critical part of this.

0:48:37.860 --> 0:48:44.150

Stoddart, Dean

Grant to give everybody the opportunity to question the grants.

0:48:44.360 --> 0:48:48.410

Stoddart, Dean

And now we're going to be looking forward to seeing the rankings coming up soon.

0:48:48.760 --> 0:48:49.890

Stoddart, Dean

Alright, thank you everybody.

0:48:49.900 --> 0:48:52.630

Stoddart, Dean

And with that, our meeting is now adjourned.

0:48:52.720 --> 0:48:54.160

Stoddart, Dean

Thank you for your attendance.

0:48:55.450 --> 0:48:55.940

Preil, Susan L

Thank you, Dean.

0:48:56.540 --> 0:48:56.910

Richard, Darryl

Thank you.

0:48:56.610 --> 0:48:56.940

Lockmiller, David

All right.

0:48:56.820 --> 0:48:56.960

Kastelic, Daniel

Thanks.

0:48:56.490 --> 0:48:57.10

Kalbli, Shawn

Thank you, team.

0:48:56.950 --> 0:48:57.440

Lockmiller, David

Thank you, Dean.

0:48:57.900 --> 0:48:58.240

Cordero, Nathalie

Thank you.

0:48:58.490 --> 0:48:58.910

DeGaetano, Emilyvette

Thank you.

0:48:58.390 --> 0:48:59.130

Larsen, David W

Thank you.

0:48:59.270 --> 0:48:59.700

Stoddart, Dean

Yes.

0:48:59.650 --> 0:48:59.990

Michael Alfano

Thank you.

0:48:59.710 --> 0:49:0.220

Stoddart, Dean

You're welcome.

0:49:0.980 --> 0:49:1.580

Ty Farris

Thank you folks.

0:49:2.470 --> 0:49:2.930

Rodriguez, Monica

Thank you.

0:49:3.440 --> 0:49:4.40

Stoddart, Dean

Very welcome.
