

## ***2025 FDOT Flexible Pavement Design Manual***

### **Summary of the Revisions:**

- **Chapter 4**
  - updated majority of chapter per [Roadway Design Bulletin 24-03, Friction Course Policy](#)
  - Section 4.4, final bullet added a reference to the GTR for additional details on where to omit FC-5 near toll facilities; this was for clarification purposes only
- **Chapter 5**
  - Table 5.4 & Table 5.6 added a new Optional Base Material (Calcarenite); this was also added to the Standard Specifications
  - Section 5.5 replaced the old example problem with 2 new ones; this was done to align with the updated Friction Course Policy
  - Section 5.6.3 corrected an outdated/incorrect FDM reference
- **Chapter 7**
  - Section 7.5.4 corrected 2 outdated/incorrect FDM references
  - Section 7.7 replaced the old sample problem with a new one; this was done to align with the updated Friction Course Policy
  - Section 7.8.3 includes minor updates to align with updated Friction Course Policy
