2026 FDOT Rigid Pavement Design Manual

Summary of the Revisions:

- ***Chapter 8***
    - Section 8.9, Poor Ride Quality, includes a minor update to use correct terminology of "High speed profiler."
- ***Chapter 10***
    - 10.2, Slab Replacement, was updated to provide additional guidance on when to call for replacement of short slabs for constructability reasons. This is not a change in policy, but an addition of guidance at the request of the State Construction Office.
