

986 CALCIUM CHLORIDE FOR DUST CONTROL - CERTIFICATION.

(REV 1-8-01) (FA 3-7-01) (1-02)

SECTION 986 (Page 952 and 953) is expanded by the following:

986-3 Certification.

The Contractor shall provide the Engineer a certification conforming to the requirements of Section 6 from the manufacturer, confirming that the calcium chloride meets the requirements of this Section.

986-4 Qualified Products List.

The calcium chloride used shall be one of the products listed on the Department's Qualified Products List (QPL). Manufacturers seeking evaluation of their product shall submit an application in accordance with Section 6.
