(REV 11-16-00) (FA 2-1-01) (7-01)

SUBARTICLE 9-1.5 (Pages 85-86) is deleted and the following substituted:

9-1.5 Truck Requirements: Provide all trucks with numbers and certify that all trucks used have a manufacturer's certification or permanent decal showing the truck capacity rounded to the nearest tenth of a cubic yard [cubic meter] placed on both sides of the truck. This capacity will include the truck body only and any side boards added will not be included in the certified truck body capacity. Ensure the lettering and numbers are legible for identification purposes at all times.
