

102-8.6 Variable Message Sign.

(REV 3-17-94) (7-00)

The number of Variable Message Signs in place on the project, as authorized by the Engineer, on any calendar day or portion thereof within the original Contract Time including any approved extensions, will be paid for at the Contract unit price for Variable Message Signs. Each Variable Message Sign shall have a matrix of electrostatic elements, a portable, plug-in keyboard and a power generator system. Each Variable Message Sign shall be permanently mounted on a towable trailer. This item will remain the property of the Contractor upon completion of the project.

Payment will be made only for Variable Message Signs that either have been certified or one for which a temporary permit has been issued by the Department. In either case, the Variable Message Signs must have been properly maintained since its approval by the Department. Price and payment will constitute full compensation for furnishing, installing, operating, relocating, maintaining and removing Variable Message Signs.

Payment will be made under:

- Item No. 102- 99- Variable Message Sign (Temporary) - per each per day.
- Item No. 2102- 99- Variable Message Sign (Temporary) - per each per day.
