

700 HIGHWAY SIGNING - STENCILING.

(REV 12-12-00) (FA 8-3-01) (7-02)

SUBARTICLE 700-5.5 (Page 765) is deleted and the following substituted:

700-5.5 Stenciling: For permanent roadway signs, mark the back of all finished panels at the bottom edge with “FDOT”, the date of fabrication, the date of installation, and the fabricator’s initials. For construction signs, mark the back of all finished panels at the bottom edge with the date of fabrication and the fabricator’s initials. Make the markings unobtrusive, but legible enough to be easily read by an observer on the ground when the sign is in its final position. Apply the markings in a manner that is at least as durable as the sign face.
