Subject: PROPOSED SPECIFICATION CHANGES

PROPOSED CHANGE **D3410008.D01 - ASPHALT RUBBER MEMBRANE INTERLAYER**. IF THE PLAN QUANTITY IS IN ERROR, THE DEPARTMENT HISTORICALLY WILL NOT CORRECT THE QUANTITY UNLESS IT IS A MAJOR ERROR (OVER 5%). IT CERTAINLY IS EASIER TO PERFORM A TAKE-OFF AND ADJUST THE UNIT PRICE TO MEET THE PLAN QUANTITY AS LONG AS PAYMENT IS PLAN QUANTITY, BUT WHY NOT MEASURE THE AREA ACTUALLY PLACED? THE CERTIFICATION SHOULD NOT BE A PROBLEM.
