

**996 PORCELAIN ENAMEL LAMINATED ALUMINUM SIGN PANELS -
CERTIFICATION.
(REV 1-8-01) (FA 3-28-01) (1-02)**

SECTION 996 (Page 976-980) is expanded by the following:

996-6 Certification.

The Contractor shall provide the Engineer a certification conforming to the requirements of Section 6 from the manufacturer, confirming that the porcelain enamel laminated aluminum sign panels meets the requirements of this Section.

996-7 Qualified Products List.

The porcelain enamel laminated aluminum sign panels used shall be one of the products listed on the Department's Qualified Products List (QPL). Manufacturers seeking evaluation of their product shall submit an application in accordance with Section 6.
