

**611 ACCEPTANCE OF SIGNAL INSTALLATIONS -SUBMITTAL REQUIREMENTS.
(REV 1-14-03) (FA 3-22-04) (1-05)**

SUBARTICLE 611-2.3.1 (Page 680) is deleted and the following substituted:

611-2.3.1 Submittal Requirements: Submit three sets of as-built plans for review by the Engineer on reproductions of the original 11 by 17 inch sheets. Record all as-built information using block lettering or typed text to ensure legibility. Signing and pavement marking plan sheets may be used instead of signalization plan sheets, if a substantial number of changes from the original signalization plans must be recorded. If, in the opinion of the Engineer, the changes can not be clearly delineated on reproductions of the original 11 by 17 inch sheets, clearly delineate all changes on 11 x 17 inch detail sheets, enlarged 200% from the reproductions. Make any corrections resulting from the Engineer's review, and resubmit three sets of the completed as-built plans as a condition precedent to acceptance of the installation.
