

EXPECTED IMPLEMENTATION JANUARY 2006

D

400 STAY-IN-PLACE METAL FORMS-GENERAL.
(REV 2-1-05) (FA 4-13-05) (1-06)

SUBARTICLE 400-5.7.1 (of the Supplemental Specifications). The first paragraph is deleted and the following substituted:

(a) Use of permanent stay-in-place metal forms: Permanent stay-in-place metal forms may be used in lieu of removable forms to form concrete bridge deck slabs only when allowed by design note in the plans, and are subject to the conditions, limitations, and requirements contained herein. Use forms made of corrugated material of cellular or non-cellular construction. Fill form flutes completely with concrete. Do not use fillers, such as sand, Styrofoam, etc. to fill the form flutes.
