

# EXPECTED IMPLEMENTATION JANUARY 2009

D

**965 GENERAL PROVISIONS FOR ALUMINUM ITEMS (INCLUDING WELDING)  
– CERTIFICATION AND MILL ANALYSIS.  
(REV 8-11-08) (FA 8-12-08) (1-09)**

ARTICLE 965-2 (Page 858) is deleted and the following substituted:

**965-2 Certification and Mill Analysis.**

For aluminum materials used, submit to the Engineer, prior to installation, a certified mill analysis and certification by the producer that the parts and components are of the alloys specified and comply with the requirements of this Section.
