

## ORIGINATION FORM

**THE INFORMATION BELOW IS TO BE PROVIDED BY THE ORIGINATOR**

Modify Specification \_\_\_\_\_SS4600000\_\_\_\_\_.  
Section/File number

New Section \_\_\_\_\_.  
Section number

**Subject:** Structural Steel and Miscellaneous Metals – Erection - Submittals

**Origination date:** July 17, 2007

**Originator:** Rafiq Darji  
**Office/Phone:** State Construction Office/850-414-4195  
**Email address/** rafiq.darji@dot.state.fl.us  
**Userid:** CN982RD

**Problem statement:** In order to be applicable to both beam and girder bridges, the Section 5 has been modified to include the design requirements for temporary works. To avoid repetition, the design requirements from the Section 460-7 have been removed.

**Information source:** SDO and SCO

**Background data:** Since the Section 5 has other requirements for temporary works, it would make sense to include the design requirements as well so that it will be applicable to both concrete beam and steel girder bridges.

**Recommended Usage Note:** None

**Estimated fiscal impact, if implemented:** None

**Implementation of these changes, if and when approved, will begin with the January 2009 letting.**

**DATE:** June 30, 2008

**TO:** Specification Review Distribution List

**FROM:** Rudy Powell, Jr., P.E., State Specifications Engineer

**SUBJECT:** Subarticle 460-7.1.2, Structural Steel and Misc. Metals – Pre-Erection Requirements

In accordance with Specification Development Procedures, we are sending you a copy of a proposed specification change.

Please share this proposal with others within your responsibility. Review comments are due within four weeks and should be sent to Mail Station 75 or to my attention via e-mail at ST986RP or rudy.powell@dot.state.fl.us. Comments received after July 30, 2008 may not be considered. Your input is encouraged.

Attachment

**STRUCTURAL STEEL AND MISCELLANEOUS METALS – PRE-ERECTION REQUIREMENTS.**

**(REV 6-13-08)**

SUBARTICLE 460-7.1.2 (of the Supplemental Specifications) is deleted and the following substituted:

**460-7.1.2 Submittals:** Meet the requirements of Sections 5 and 103 for any required submittals. Provide submittals to the Engineer for review by the Department in accordance with Section 5 and the Contract Documents. ~~Develop the required submittals following the AASHTO Guide Design Specifications for Bridge Temporary Works and Construction Handbook for Bridge Temporary Works and the Contract Documents.~~
