Comments:

Is it really the intent of this proposal to eliminate existing language in 9-11.1 and 9-11.2? Doing so would go well beyond the stated intent of changing the name of "Banking and Finance" to "Financial Services". According to my understanding of Lump Sum contracting, I would expect the existing language in 9-11.1 and 9-11.2 is desirable and should remain.

Response: The deletion makes this SP consistent with Section 105. Submittal of fabrication schedule is covered in 105-1.2.2 & 105-1.2.3. 105-2 covers the Items list for the Job Guide Schedule which includes these items. Ft/rp/ds
