Your added language includes 'warranties and warranty. The section deals with guaranties. Is this the same? Consider changing them to guaranties and guaranty. The first sentence of 608-2.1 says to 'secure all guaranties customarily issued....'; the second sentence says 'meet or exceed the Departments minimum warranty requirements...'. Does DOT have minimum warranty requirements? If so where are they? It's not 608-2.3.
