Go to fhwa for 1/11 implementation. Check your lead-in sentence.

**Subject:** 6350300 Pull and Junction Boxes

The change to 635-3 in the attached came out of a discussion in the last C-Team meeting. The reference to the pull box Design Standard is incorrect. Can I send on the FHWA as a "typo" correction? Or do I need to get Legal ok first?

Thanks.

*Frances Thomas*
