Comment: (12-10-10) While I agree a change is needed to clearly establish the departments deadline for making changes to the bid Q&A site (eliminate the on-going inconsistency), the more I look at this the more concern I have with removing the contractors deadline review the site. We also needed to remove any reference to “business day” since that is not a term defined in the Specifications book. For all questions posted before the deadline, the Department will provide and post responses at the same website before 8:00 A.M. (EST) on the second calendar day prior to bid opening. Take responsibility to review and be familiar with all questions and responses posted to this website up through ~~2-business days~~ 8:00 A.M. (EST) on the second calendar day prior to the bid opening and to make any necessary adjustments in the proposal accordingly.

Response: I have reviewed the comment and I recommend that we continue with the proposed language. NO CHANGE MADE.
