Comments: (6-1-11) In 1050806 – I suggest “ ... may be performed ...” instead of “ ... can be performed ...”

Response: Correction made. cah

Comments: (6-3-11) Consider allowing non CTQP certified inspectors to also be allowed to check temperature on asphalt trucks upon arrival at the jobsite as long as they are supervised by a Paving Level 2 inspector.

Response: The recommendation is already allowed in 105-8.6.2. That is what prompted the change for 105-8.6.1.
