

ORIGINATION FORM

Date: 5-18-11

Originator: Greg Sholar

Contact Information: SMO (352-955-2920)

Specification Title: Miscellaneous Asphalt Pavement

Specification Section, Article, or Subarticle Number: 339

Why does the existing language need to be changed? 1. There is a conflict with a specification reference to section 320 due to a rewrite of that section.

Summary of the changes: 1. Change the specification reference in article 339-7.

Are these changes applicable to all Department jobs? Yes. If not, what are the restrictions?

Will these changes result in an increase or decrease in project costs? No. If yes, what is the estimated change in costs?

With who have you discussed these changes? SMO Bituminous staff

What other offices will be impacted by these changes? Construction, but not in a negative way.

Are changes needed to the PPM, Design Standards, SDG, CPAM or other manual? No.

Is a Design Bulletin, Construction Memo, or Estimates Bulletin needed? No.

Contact the State Specifications Office for assistance in completing this form.

MEMORANDUM

DATE: June 2, 2011

TO: Specification Review Distribution List

FROM: Rudy Powell, Jr., P.E., State Specifications Engineer

SUBJECT: Proposed Specification: **3390700 Miscellaneous Asphalt Pavement – Method of Measurement.**

In accordance with Specification Development Procedures, we are sending you a copy of a proposed specification change.

This change was proposed by Greg Sholar of the State Materials Office to correct a conflict with a specification reference to Section 320 due to a rewrite of that section.

Please share this proposal with others within your responsibility. Review comments are due within four weeks and should be sent to Mail Station 75 or to my attention via e-mail at SP965RP or rudy.powell@dot.state.fl.us. Comments received after **June 30, 2011** may not be considered. Your input is encouraged.

**MISCELLANEOUS ASPHALT PAVEMENT – METHOD OF MEASUREMENT.
(REV 5-19-11)**

ARTICLE 339-7 (Page 313) is deleted and the following substituted:

339-7 Method of Measurement.

The quantity to be paid for will be the weight, in tons, determined by an electronic weighing system as described in 320-~~2~~3.2. The pay quantity will be based on the average spread rate of the area shown on the plans or authorized by the Engineer or dimensions for the project, limited to a maximum of 105% of the plan thickness quantity. For calculation, a weight of 100 lbs/yd² per inch thickness of asphalt will be used.

Prepare a Certification of Quantities, using the Department's current approved form, for the certified miscellaneous asphalt pavement pay item. Submit this certification to the Engineer no later than Twelve O'clock noon Monday after the estimate cut-off or as directed by the Engineer, based on the quantity of asphalt produced and accepted on the Contract. The certification must include the Contract Number, FPID Number, Certification Number, Certification Date, period represented by Certification and the tons produced for each asphalt pay item.
