

**339 MISCELLANEOUS ASPHALT PAVEMENT – METHOD OF MEASUREMENT.  
(REV 5-19-11) (FA 8-4-11) (1-12)**

ARTICLE 339-7 (Page 313) is deleted and the following substituted:

**339-7 Method of Measurement.**

The quantity to be paid for will be the weight, in tons, determined by an electronic weighing system as described in 320-3.2. The pay quantity will be based on the average spread rate of the area shown on the plans or authorized by the Engineer or dimensions for the project, limited to a maximum of 105% of the plan thickness quantity. For calculation, a weight of 100 lbs/yd<sup>2</sup> per inch thickness of asphalt will be used.

Prepare a Certification of Quantities, using the Department's current approved form, for the certified miscellaneous asphalt pavement pay item. Submit this certification to the Engineer no later than Twelve O'clock noon Monday after the estimate cut-off or as directed by the Engineer, based on the quantity of asphalt produced and accepted on the Contract. The certification must include the Contract Number, FPID Number, Certification Number, Certification Date, period represented by Certification and the tons produced for each asphalt pay item.
