**MEASUREMENT AND PAYMENT – ADJUSTMENT TO THE LUMP SUM PAYMENT
FOR DELETED ITEMS OF WORK.**

(REV 10-25-11)

SUBARTICLE 9-2.2.6 (of the Special Provisions) is deleted and the following substituted:

9-2.2.6 Adjustment to the Lump Sum Payment for Deleted Items of Work:

When items ~~such as pipe culverts, inlets, manholes, mitered end sections, etc.~~ of work are shown in the Contract Documents to be constructed or installed and due to actual field conditions, it is determined by the Engineer that the item is not needed, ~~then~~ a negative adjustment *to the Contract* will be made. *When the Engineer's determination that the items are not needed is made after the Contractor has commenced work on or has expended costs associated with the items being deleted, the negative adjustment to the Contract will be* based on the invoice price for the actual cost of the items *being deleted less all costs incurred prior to the date the Engineer determined the items are not needed* and the Contractor will retain ownership. *When the Engineer's determination that the items are not needed is made before the Contractor commences work on or expended costs associated with the items being deleted, then the negative adjustment will be based on the invoice price for the actual costs of the items being deleted.* ~~This~~ A adjustment will not exceed \$5,000.00. Should the amount of the adjustment exceed \$5,000.00, it will be considered a significant change and an *negative* adjustment will be processed in accordance with 4-3.2.
