Comments: (4-30-12)

This specification revision would seem to have the effect of including the CPPR within the contract. Does this mean that as such scores would be reviewable by a DRB? In the past, the Boards have steered clear of hearings on the Contractor's score since it was outside the four corners of the contract.

Response: The second paragraph in 8-8 will be deleted. The review and rating of contractor performance is handled by other procedures and does not need to be in the specification.
