Proposed Specification: **0070400 Legal Requirements and Responsibilities to the Public – Right-of-Way Furnished by the Department.**

Dear Ms. Gourdine:

We are submitting, for your approval, two copies of the above referenced Supplemental Specification.

The changes are proposed by Rudy Powell to require advance approval prior to use of Department owned right-of-way and to limit the use of the right-of-way to the project.

Please review and transmit your comments, if any, within two weeks. Comments should be sent via email to SP965TT or trey.tillander@dot.state.fl.us.

If you have any questions relating to this specification change, please call Trey Tillander, State Specifications Engineer at 414-4140.

Sincerely,
