Re: Office of Design, Specifications  
Section **008**  
Proposed Specification: **0080302 Prosecution and Progress.**

Dear Ms. Gourdine:

We are submitting, for your approval, two copies of the above referenced Supplemental Specification.

These changes were proposed by Rudy Powell to clarify that a Contractor Field Performance Report is used to rate the performance of contractors for maintenance contract. Contractor's Past Performance Rating is used for construction projects and that process is handled in documents outside of the specification.

Please review and transmit your comments, if any, within two weeks. Comments should be sent via email to SP965TT or [trey.tillander@dot.state.fl.us](mailto:trey.tillander@dot.state.fl.us).

If you have any questions relating to this specification change, please call Trey Tillander, State Specifications Engineer at 414-4140.

Sincerely,

Trey Tillander, P.E.  
State Specifications Engineer
