Re: Office of Design, Specifications
Section **990**
Proposed Specification: **9900305 Temporary Traffic Control Device Materials.**

Dear Ms. Gourdine:

We are submitting, for your approval, two copies of the above referenced Supplemental Specification.

These changes were proposed by Stefanie Maxwell of the State Construction Office to delete the requirement for traffic counters on radar speed display units.

Please review and transmit your comments, if any, within two weeks. Comments should be sent via email to SP965TT or trey.tillander@dot.state.fl.us.

If you have any questions relating to this specification change, please call me at 414-4140.

Sincerely,

Signature on file

V. Y. "Trey" Tillander, III, P.E.
State Specifications Engineer

TEMPORARY TRAFFIC CONTROL DEVICE MATERIALS.
(REV 6-19-12)

SUBARTICLE 990-3.5.4 (of the Supplemental Specifications) is deleted.

~~990-3.5.4 Traffic Counter: The unit shall be fitted with a device, which counts the number of vehicles passing the Radar Speed Display Unit. The counter device shall be capable of:~~

~~(1) Digital readout of the number of vehicles passing the radar speed display unit.~~

~~(2) Digital readout of the number of vehicles exceeding the speed shown on the radar speed display unit.~~

Comment [dt1]: The District Construction Engineers, after discussing with the project engineers/administrators, determined that there is no value in requiring the counters on the Radar Speed Display Units.
