Re: Office of Design, Specifications
Section **632**
Proposed Specification: **6320600 Signal Cable. REVISED**

Dear Ms. Gourdine:

We are submitting, for your approval, two copies of the above referenced **REVISED** Supplemental Specification. **Revised language has been highlighted.**

These changes were proposed by Missy Hollis of the State Specifications and Estimates Office to allow for linear foot payment for repairs and rehab work. Existing pay item (632-7) will be restructured in the Basis of Estimates to include payment for both per intersection and per linear foot measurement.

Please review and transmit your comments, if any, within two weeks. Comments should be sent via email to SP965TT or trey.tillander@dot.state.fl.us.

If you have any questions relating to this specification change, please call me at 414-4140.

Sincerely,

Signature on file
