Re: State Specifications and Estimates Office
Section **400**
Proposed Specification: **4001101 Concrete Structures.**

Dear Mr. Thompson:

We are submitting, for your approval, two copies of the above referenced Supplemental Specification.

These changes were proposed by Dan Hurtado of the State Construction Office to update the language. The ASTM designation replaces antiquated terminology.

Please review and transmit your comments, if any, within two weeks. Comments should be sent via email to SP965DS or daniel.scheer@dot.state.fl.us.

If you have any questions relating to this specification change, please call me at 414-4130.

Sincerely,

Signature on file

Daniel Scheer, P.E.
State Specifications Engineer
