

1021004 MAINTENANCE OF TRAFFIC – TEMPORARY RETROREFLECTIVE
PAVEMENT MARKERS (RPM)
COMMENTS FROM INTERNAL/INDUSTRY REVIEW

Paul Gentry

Comments: (6-15-15, Internal)

102-10.4 Temporary RPM says “Install all markers in accordance with the manufacturer’s recommendations....” The below 990-5.2.4 Adhesion says butyl rubber and other approved adhesive. The same applies here as to the below comment I made for 990.

Response: Comment pertains to Section 990 and 990 comment was incorporated into the specification before industry review. No change made.

102-10.4 Temporary Retroreflective Pavement Markers (RPM's): Use markers listed on the APL and meeting the requirements of 990-5. Apply Install all markers in accordance with the *manufacturer's recommendations and in accordance with* Design Standards, Index Nos. 600 and 17352, prior to opening the road to traffic. ~~Replace markers any time after installation~~ when more than three consecutive markers fail or are missing, at no expense to the Department, in a timely manner, as directed by the Engineer.

After installation, replace markers
OR
Following installation, replace markers

Response: Agree, change made.
