**1. 5-1.4.4.1 Drawings:** In the first paragraph, first sentence, should “Furnish all shop drawings...” be “Submit all shop drawings...” for consistency with other changes?

Response: The language has been changed for consistency, as suggested.  
Change made.

**2. 5-1.4.4.1 Drawings:** In the first paragraph, second sentence, should “Department’s Plans” be “Contract Plans”?

Response: The language has been change as suggested.  
Change made.

**3. 5-1.4.4.2 Other Documents:** In the second paragraph, first sentence, it is not clear what is meant by “Prepare all documents using the same scale as the Contract Plans”. Scales in the Contract Plans vary, and “other documents” include calculations, catalogue information, etc. which may have no scale. Should this remain as “Prepare all documents using the same units of measure as the Contract Plans” for consistency with 5-1.4.4.1?

Response: The language has been changed for consistency, as suggested.  
Change made.
