Re: State Specifications Office  
Section: **102**  
Proposed Specification: **1020303 Maintenance of Traffic.**

Dear Mr. Nguyen:

We are submitting, for your approval, two copies of the above referenced Supplemental Specification.

The changes are proposed by Daniel Strickland to update the specification because lane closures, mobile operations, and traffic pacing operations will no longer be required to be submitted in the Lane Closure Information System.

Please review and transmit your comments, if any, within two weeks. Comments should be sent via email to [dan.hurtado@dot.state.fl.us](mailto:dan.hurtado@dot.state.fl.us).

If you have any questions relating to this specification change, please call me at 414-4130.

Sincerely,

Signature on file

Dan Hurtado, P.E.  
State Specifications Engineer

State Construction Engineer

**MAINTENANCE OF TRAFFIC****(REV ~~75-205~~-18)**

SUBARTICLE 102-3.3 is deleted and the following substituted:

**102-3.3 Lane Closures ~~Information System~~:** Approval for all lane closures, mobile operations, and traffic pacing operations is required. Submit routine requests to the Engineer fourteen calendar days in advance of planned lane closures, mobile operations, and traffic pacing operations ~~at the following URL address: <https://leis.dot.state.fl.us/>. Confirm at least once every two weeks that information entered within LCIS reflects current planned operations and update as necessary.~~ For unforeseen events that require cancelling or rescheduling lane closures, mobile operations, and traffic pacing operations, revise the lane closure request as soon as possible.

**MAINTENANCE OF TRAFFIC**  
**(REV 7-20-18)**

SUBARTICLE 102-3.3 is deleted and the following substituted:

**102-3.3 Lane Closures:** Approval for all lane closures, mobile operations, and traffic pacing operations is required. Submit routine requests to the Engineer fourteen calendar days in advance of planned lane closures, mobile operations, and traffic pacing operations. For unforeseen events that require cancelling or rescheduling lane closures, mobile operations, and traffic pacing operations, revise the lane closure request as soon as possible.
