COMMENT: You are deleting the following sentence: "Provide products that will meet specification requirements throughout the warranty period." What is the purpose of this removal. Is this not beneficial to the Department that the materials maintain compliance through a warranty period, at a minimum?

RESPONSE: The sentence was deemed superfluous to the rationale for the Specifications' existence. This section addresses the requirement for coating sample coupon for establishing any future warranty claim. Section 975-4 addresses the performance specifications and warranty period for coatings on these structures.

ACTION TAKEN: None taken.
