Orlando, FL 32801

Re: State Specifications Office  
Section: SP6870000  
Proposed Specification: **SP6870000 Highway Advisory Radio**

Dear Mr. Holt:

We are submitting, for your approval, two copies of the above referenced Special Provision.

The changes are proposed by Derek Vollmer to remove Special Provision and require any projects to submit an MSP or TSP if needed. No Highway Advisory Radio projects are scheduled for the next 3 years and only two projects have used them in the past 5 years.

Please review and transmit your comments, if any, within two weeks **(10 business days)**.  
Comments should be sent via email [daniel.strickland@dot.state.fl.us](mailto:daniel.strickland@dot.state.fl.us).

If you have any questions relating to this specification change, please call me at (850) 414-4130.

Sincerely,

Signature on file

Daniel Strickland, P.E.  
State Specifications Engineer
