Specifications

Name:	Ronald Meyer	Standard Specification Section:	
Email:	ronald.meyer@dot.state.fl.us	Special Provision:	SP6870000
Date:	2026-04-20T14:20:30Z	Associated Specs:	N/A

Summary:

Deleting SP687, Highway Advisory Radio

Justification:

Installation of new HAR sites must be approved by the Chief Engineer. There is an existing Special Provision. Recommend removing this special provision and requiring any projects to submit an MSP or TSP if needed. No HAR projects are scheduled for the next 3 years and only two projects have used them in the past 5 years.

Do the changes affect other types of specifications?

Neither

List Specifications Affected:

Other Affected Documents/Offices	Contacted	Yes/No
Other Standard Plans		No
Florida Design Manual		No
Structures Manual		No
Basis of Estimates Manual		No
Approved Product List		No
Construction Office		No
Maintenance Office		No
Materials Manual		No
Traffic Engineering Manual		No

Are changes in line with promoting and making progress on improving safety, enhancing mobility, inspiring innovation, and fostering talent; explain how?

The changes align requirements with current FDOT policy on HAR.

What financial impact does the change have; project costs, pay item structure, or consultant fees?

No impacts are expected.

What impact does the change have on production or construction schedules?

No impacts are expected.

How does this change improve efficiency or quality?

Specification updates for alignment with current FDOT policy improves the quality of requirements.

Which FDOT offices does the change impact?

Traffic Engineering and Operations

What is the impact to districts with this change?

No significant impact.

Does the change shift risk and to who?

No anticipated shift in risk.

Provide summary and resolution of any outstanding comments from the districts or industry.

Comments and Responses are available on the Track the Status of Revisions hyperlink located on the Specifications landing page: <https://www.fdot.gov/programmanagement/Specs.shtm>

What is the communication plan?

Through the established specification revision process (e.g., Internal and Industry Review)

What is the schedule for implementation?

The Standard Specifications eBook and Workbook are effective July 1st every year.

HIGHWAY ADVISORY RADIO.
(REV 3-10-26)

SECTION 687 is deleted.
