Cathy Kendall
Director, Office of Technical Services
Federal Highway Administration
3500 Financial Plaza, Suite 400
Tallahassee, Florida 32312

Re: State Specifications Office
Section: 676
Proposed Specification: **6760200 Traffic Cabinets**

Dear Ms. Kendall:

We are submitting, for your approval, two copies of the above referenced Supplemental Specification.

The changes are proposed by Ronald Meyer to reformat material requirements and introduce content for use of electronic locking systems on cabinets.

Please review and transmit your comments, if any, within two weeks (10 business days). Comments should be sent via email daniel.strickland@dot.state.fl.us.

If you have any questions relating to this specification change, please call me at (850) 414-4130.

Sincerely,

Signature on File

Daniel Strickland, P.E.
State Specifications Engineer

TRAFFIC CABINETS.
(REV 6-12-24)

ARTICLE 676-2 is deleted and the following substituted:

676-2 Materials.

Meet the following requirements:

Traffic Cabinets* 995-11

*Use products on the Department's Approved Product List (APL).

~~676 2.1 General: Use traffic signal controller cabinets, ITS cabinets, and small equipment enclosures that meet the requirements of Section 995-11 and are listed on the Department's Approved Product List (APL).~~ Provide the cabinet with an automatic transfer switch if shown in the Plans. New signal installations must include controller cabinets that will interface with the dimming circuit of LED street lighting with an auxiliary relay if shown in the Plans. Provide cabinets with No. 2 locks unless otherwise shown in the Plans. Provide two keys for each cabinet unless otherwise shown in the Plans. Electronic locking systems, including keys, shall be compatible with the existing system used by the Department and the maintaining agency. Coordinate selection, installation, configuration, and use of electronic locking systems with the Department.
