### Summary:

110-1: Added Materials, per APL/BABA formatting. No other content changes.

### Justification:

Changes are to coordinate with APL/BABA updates.

### Do the changes affect other types of specifications?

Neither

### List Specifications Affected:

| Other Affected Documents/Offices | Contacted   | Yes/No |
|----------------------------------|-------------|--------|
| Other Standard Plans             |             | No     |
| Florida Design Manual            |             | No     |
| Structures Manual                |             | No     |
| Basis of Estimates Manual        |             | No     |
| Approved Product List            | Karen Byram | Yes    |
| Construction Office              |             | No     |
| Maintenance Office               |             | No     |
| Materials Manual                 |             | No     |
| Traffic Engineering Manual       |             | No     |

**Are changes in line with promoting and making progress on improving safety, enhancing mobility, inspiring innovation, and fostering talent; explain how?**

APL/BABA changes are to ensure compliance with Federal rules, as well as to minimize documentation collection in the field.

**What financial impact does the change have; project costs, pay item structure, or consultant fees?**

APL/BABA changes are administrative for Product Evaluation, while minimizing impact to Design and Construction.

**What impact does the change have on production or construction schedules?**

No impact to schedules.

**How does this change improve efficiency or quality?**

APL/BABA changes ensure compliance with Federal rules.

**Which FDOT offices does the change impact?**

Materials- Product Evaluation

**What is the impact to districts with this change?**

None

**Does the change shift risk and to who?**

APL/BABA formatting changes removes compliance and documentation requirements from Construction CEIs. Documentation is submitted by manufacturers, through the APL.

**Provide summary and resolution of any outstanding comments from the districts or industry.**

Comments and Responses are available on the Track the Status of Revisions hyperlink located on the Specifications landing page: <https://www.fdot.gov/programmanagement/Specs.shtm>

**What is the communication plan?**

Through the established specification revision process (e.g., Internal and Industry Review)

**What is the schedule for implementation?**

The Standard Specifications eBook and Workbook are effective July 1st every year.

**CLEARING AND GRUBBING.**  
**(REV 5-20-24)**

ARTICLE 110-1 is deleted and the following substituted:

**110-1 Description.**

Clear and grub within the areas shown in the Plans. Remove and dispose of all trees, stumps, roots and other such protruding objects, buildings, structures, appurtenances, existing flexible asphalt pavement, and other facilities necessary to prepare the area for the proposed construction. Remove and dispose of all product and debris not required to be salvaged or not required to complete the construction.

Perform miscellaneous work necessary for the complete preparation of the overall project site as specified in 110-10.

Meet the following requirements:

Tree protection barrier .....Standards Plans, Index 110-100

Mailboxes\* and Posts\* ..... USPS-STD-7C

Grout for Plugging Wells.....FAC 62C-29.009

Non-Grout materials for Plugging Wells\* .FAC 62C-29.009

\*Use products on the Department’s Approved Product list (APL).
