Specifications

Name:	Ronald Meyer	Specification Number:	671-2
Email:	ronald.meyer@dot.state.fl.us	Associated Specs:	995
Date:	2024-06-12T20:56:12Z	Verified:	VERIFIED

Summary:

1. Reformatting materials Article to match other Sections and style established for consistency. 2. Moved material requirement for dimming control to Section 995.

Justification:

The language needs to be changed for style/format consistency and to move material requirements to the appropriate Div II Section.

Do the changes affect other types of specifications?

Neither

List Specifications Affected:

Other Affected Documents/Offices	Contacted	Yes/No
Other Standard Plans		No
Florida Design Manual		No
Structures Manual		No
Basis of Estimates Manual		No
Approved Product List		No
Construction Office		No
Maintenance Office		No
Materials Manual		No
Traffic Engineering Manual		No

Are changes in line with promoting and making progress on improving safety, enhancing mobility, inspiring innovation, and fostering talent; explain how?

Yes. Changes improve consistency of specification content

What financial impact does the change have; project costs, pay item structure, or consultant fees?

No expected financial impact.

What impact does the change have on production or construction schedules?

No expected impacts to production or construction schedules.

How does this change improve efficiency or quality?

Changes improve efficiency and quality via consistency with similar requirements and adherence to standardized formatting styles.

Which FDOT offices does the change impact?

Traffic Engineering and Operations

What is the impact to districts with this change?

No expected impact to Districts.

Does the change shift risk and to who?

No expected shift in risk.

Provide summary and resolution of any outstanding comments from the districts or industry.

Comments and Responses are available on the Track the Status of Revisions hyperlink located on the Specifications landing page: <https://www.fdot.gov/programmanagement/Specs.shtm>

What is the communication plan?

Through the established specification revision process (e.g., Internal and Industry Review)

What is the schedule for implementation?

The Standard Specifications eBook and Workbook are effective July 1st every year.

TRAFFIC CONTROLLERS.

(REV 6-12-24)

ARTICLE 671-2 is deleted and the following substituted:

671-2 Materials.

Meet the following requirements:

Traffic Controllers* 995-10

~~*Use products on the Department's Approved Product List (APL). Use traffic controllers that meet the requirements of Section 995 and are listed on the Department's Approved Product List (APL).~~

~~If shown in the Plans, new installations must include controllers that will deactivate the dimming circuit of LED street lighting during pedestrian activations. Pedestrian detector diagnostics must be activated when this feature is used.~~
