<b>Definitions:</b>	Centerline Miles Daily Vehicle Miles Traveled (DVMT)	Length of a road, without regard to number of lanes. The product of a road's centerline miles and its annual average daily traffic (AADT).
---------------------	---------------------------------------------------------	-----------------------------------------------------------------------------------------------------------------------------------------------

<b>Urban Sizes:</b>	Rural Small Urban Small Urbanized Large Urbanized	In an area with population less than 5,000. In an area with population 5,000 to 49,999. In an area with population 50,000 to 199,999. In an area with population 200,000 or more.
---------------------	------------------------------------------------------------	--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

<b>Functional Classes:</b>	Interstate Turnpike & Freeways Other Principal Arterials Minor Arterials Major Collectors Minor Collectors Locals	On the Interstate System (such as I-4, I-10, I-75, I-95, etc.). Limited access roads other than the Interstate. Principal Arterials other than the above are oriented towards mobility. Minor Arterials are mostly oriented towards mobility. Major Collectors are oriented towards both mobility and access. Minor Collectors are oriented less mobility and more to access. Locals are orientated towards access.
----------------------------	-------------------------------------------------------------------------------------------------------------------------------------	---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------
