**Notes**

- Report includes data for roads in the Roadway Characteristics Inventory that have been officially placed on the State Highway System.
- The Turnpike system is included in the State Highway System for statistical reporting purposes. The Turnpike and related toll facilities are shown here according to the county in which the mileage is located. As a result, Turnpike mileage appears to be under the jurisdiction of the several Districts; however the Turnpike is a District. In order to help communicate the Turnpike's status, Turnpike mileage is shown separately on page 8. This Mileage includes the original Florida's Turnpike and Homestead Extension, the Sawgrass Expressway Veterans Expressway, Seminole Expressway, Southern Connector Extension, Polk Parkway, and part of the Beeline Expressway
- Totals may not agree due to rounding
- Each part of a one-way pair is treated as a separate roadway to calculate centerline mileage.
- Daily Vehicle Miles Traveled (DVMT) for this report are based on 1991 traffic data.
- The Federal Functional Classification mileage does not include 0.6 miles of State roads functionally classified as "local".
- The "Turnpike, Toll" columns on pages 2, 3 and 4 do not include 85,577 centerline miles of Interstate highways with tolls: the Alligator Alley part of I-75 and the Sunshine Skyway part of I-275. Mileages for these roads are included in the Interstate column on those pages

**Definitions**

- Urban means having a population of at least 5,000.
- DVMT means Daily Vehicle Miles Traveled, the product of Annual Average Daily Traffic times Length of Road
