Form TM Introduction

Introduction

- Local governments are required by Chapter 218.322, Florida Statutes, to provide mileage data as part of their annual financial reporting. Form TM is used to provide this data which is needed by the Department of Transportation to meet Federal reporting requirements.

County / City Name

- This is the name of the reporting governmental jurisdiction (e.g. City of Madison located in Madison County). These fields are prefilled and cannot be changed. If you think there is an error in the description, please contact us.

Mileage As Of Date

- This is the date for the end of the Fiscal Year that includes the 12 months from **October 1** to **September 30**. The mileage data is reported as of that date. If you do not have data as of exactly Sept. 30, use a date as close to that as possible.

Centerline Mileage

- The mileage data refers to the centerline miles of roads under your jurisdiction.
- Centerline mileage is defined as the length between the beginning and the ending of a roadway as measured in one direction.
- For example, a roadway with 4 lanes that is 5.175 miles long has a centerline mileage of 5.175 miles (and not 4 times that).
- Mileage should be entered to the nearest thousandth of a mile (e.g. 12.459) where possible.

Include the following roads

- **Roads** that are maintained for you by another entity such as those under an inter local maintenance agreement.
- **Roads** that are yours on or before September 30th of the current reporting year.
- **Paved roads** include chip seal and similar treatments.
- Some examples of **unpaved road** compositions may include lime rock, sand or clay.
- Include **roads** even if they have been damaged by weather or other situations if you plan to repair them. They are considered “***under construction***”.

Do not include the following roads

- **Private roads** such as those owned by shopping centers or private subdivisions.
- **State roads** or other jurisdiction roads that happen to fall within your boundary.
- **Other roads** that you maintain for another jurisdiction but are not legally your roads.
- **Alley roads** these provide access to businesses or homes but not intended for through traffic.

Updating the Form TM app

- Please follow the link in the email sent to you to submit your mileage through the online app.
- The Ending Mileage for the previous year is the Beginning Mileage for the current year and must match exactly.
- We are also accepting forms completed in **Excel** (preferred) and on a modified **PDF**. If handwritten, please print legibly.
- Link for the blank forms and previous years data are located here: <https://www.fdot.gov/statistics/mileage-rpts/default.shtm>
- Please return the completed form to <mailto:co-formtm@dot.state.fl.us>.

Entering Contacts (Preparer/Official)

- Please provide two contacts
 - 1st the person preparing the report and
 - 2nd the official responsible for the mileage
- We will call and/or email if we have questions about the submitted data and knowing with whom to speak is essential.
- Additionally, the email addresses are used to send next year's request for data.
- When the contact information is correct, click the update contacts button at the bottom to advance the page to enter your mileage data.
